**Scenes and Characters of the Middle Ages** Edward Lewes Cutts, 1872      **Scenes & Characters of the Middle Ages** Edward Lewes Cutts, 1922      **Scenes and Characters of the Middle Ages ... With ... illustrations** Edward Lewes CUTTS, 1872      Anchoritism in the Middle Ages Catherine Innes-Parker, Naoë Kukita Yoshikawa, 2013-04-30 This volume explores medieval anchoritism, the life of a solitary religious recluse from a variety of perspectives. The individual essays conceive anchoritism in broadly interpretive categories, challenging perceived notions of the very concept of anchoritic rule and guidance, studying the interaction between language and linguistic forms, addressing the connection between anchoritism and other forms of solitude, particularly in European tales of sanctity, and exploring the influence of anchoritic literature on lay devotion. As a whole, the volume illuminates the richness and fluidity of anchoritic texts and contexts and shows how anchoritism pervaded the spirituality of the Middle Ages for lay and religious alike. It moves through both space and time, ranging from the third century to the sixteenth, from England to the Continent and back.      **Scenes and Characters of the Middle Ages** Edward Lewes Cutts, 2023-09-18 In Edward Lewes Cutts' book *Scenes and Characters of the Middle Ages*, readers will embark on a captivating journey through the medieval period, exploring rich historical details and vivid descriptions of various scenes and characters. Sophia Beale,1887      **Outlines and References in European History** Earle Wilbur Dow,1903      Popular Opinion in the Middle Ages Charles W. Connell,2016-10-24 This book provides a needed overview of the scholarship on medieval public culture and popular movements such as the Peace of God heresy and the crusades and illustrates how a changing sense of the populus the importance of publics and public opinion and public spheres was influential in the evolution of medieval cultures Public opinion did play an important role even in the Middle Ages it did not wait until the era of modern history to do so Using modern research on such aspects of culture as textual communities large and small publics cults crowds rumor malediction gossip dispute resolution and the European popular revolution the author focuses on the Peace of God movement the era of Church reform in the tenth and eleventh centuries the rise and combat of heresy the crusades and the works of fourteenth century political thinkers such as Marsiglio of Padua regarding the role of the populus as the basis for the analysis The pattern of changes reflected in this study argues that just as in the modern world the simplistic idea of the public was a phantom Instead there were publics large and small that were influential in shaping the cultures of the era under review
