The Missing Reel:

The Missing Reel Christopher Rawlence, **The Missing Reel** Christopher Rawlence, 1990 *Missing Reels* Harry Waldman, 2007-10-18 During the first half of this century motion pictures were often considered disposable once their circulations were over The recycling of used film and the use of components for war efforts contributed to the loss of many movies as did the unstable nature of the nitrate film itself The loss of extant works has created gaps in the national cinematic history of the United States and most European countries Eighty percent of all Western made films produced before World War I are considered lost while 15 percent of the films made from 1930 to 1950 are also missing Here are descriptions of nearly 1 000 of the lost American and European films produced between 1900 and 1950 featuring the talents of the still famous as well as the now obscure The films are arranged by country and reveal the remarkably prolific early filmmaking in countries like the Netherlands and Sweden Each entry includes production information cast synopsis history and insights from reviews when available Photographs from these films provide glimpses of what once was An extensive index is included

The James Bond Songs Adrian Daub,Charles Kronengold,2015-08-31 Starting with 1964 s Goldfinger every James Bond film has followed the same ritual and so has its audience after an exciting action sequence the screen goes black and the viewer spends three long minutes absorbing abstract opening credits and a song that sounds like it wants to return to 1964 In The James Bond Songs authors Adrian Daub and Charles Kronengold use the genre to trace not only a changing cultural landscape but also evolving conceptions of what a pop song is They argue that the story of the Bond song is the story of the pop song more generally and perhaps even the story of its end Each chapter discusses a particular segment of the Bond canon and contextualizes it in its era s music and culture But the book also asks how Bond and his music reflected and influenced our feelings about such topics as masculinity race money and aging Through these individual pieces the book presents the Bond song as the perfect anthem of late capitalism The Bond songs want to talk about the fulfillment that comes from fast cars shaken Martinis and mindless sex but their unstable speakers subjects and addressees actually undercut the logic of the lifestyle James Bond is sworn to defend The book is an invitation to think critically about pop music about genre and about the political aspects of popular culture in the twentieth century and beyond

Raya Morag, 2020-03-17 *Perpetrator Cinema* explores a new trend in the cinematic depiction of genocide that has emerged in Cambodian documentary in the late twentieth and early twenty-first centuries While past films documenting the Holocaust and genocides in Yugoslavia Rwanda and elsewhere have focused on collecting and foregrounding the testimony of survivors and victims the intimate horror of the autogenocide enables post-Khmer Rouge Cambodian documentarians to propose a direct confrontation between the first generation survivor and the perpetrator of genocide These films break with Western tradition and disrupt the political view that reconciliation is the only legitimate response to atrocities of the past Rather transcending the perpetrator's typical denial or partial confession this extraordinary form of duel documentary creates confrontational tension and opens up the possibility of a transformation in power relations allowing viewers to access feelings of moral resentment Raya Morag examines works by Rithy Panh Rob Lemkin and Thet Sambath and Lida Chan and Guillaume Suon among others to uncover the ways in which filmmakers endeavor to allow the survivors moral status and courage to guide viewers to a new more complete understanding of the processes of coming to terms with the past These documentaries show how moral resentment becomes a way to experience symbolize judge and finally incorporate evil into a system of ethics Morag's analysis reveals how perpetrator cinema provides new epistemic tools and propels the recent social cultural psychological shift from the era of the witness to the era of the perpetrator

I Hated, Hated, Hated This Movie Roger Ebert, 2022-05-24 The Pulitzer Prize winning film critic offers up more reviews of horrible films Roger Ebert awards

at least two out of four stars to most of the more than 150 movies he reviews each year But when the noted film critic does pan a movie the result is a humorous scathing critique far more entertaining than the movie itself I Hated Hated Hated This Movie is a collection of more than 200 of Ebert's most biting and entertaining reviews of films receiving a mere star or less from the only film critic to win the Pulitzer Prize Ebert has no patience for these atrocious movies and minces no words in skewering the offenders Witness Armageddon 1998 The movie is an assault on the eyes the ears the brain common sense and the human desire to be entertained No matter what they're charging to get in it's worth more to get out The Beverly Hillbillies 1993 Imagine the dumbest half hour sitcom you've ever seen spin it out to ninety three minutes by making it even more thin and shallow and you have this movie It's appalling North no stars 1994 I hated this movie Hated hated hated hated hated this movie Hated it Hated every simpering stupid vacant audience insulting moment of it Hated the sensibility that thought anyone would like it Hated the implied insult to the audience by its belief that anyone would be entertained by it Police Academy no stars 1984 It's so bad maybe you should pool your money and draw straws and send one of the guys off to rent it so that in the future whenever you think you're sitting through a bad comedy he could shake his head chuckle tolerantly and explain that you don't know what bad is Dear God 1996 Dear God is the kind of movie where you walk out repeating the title but not with a smile The movies reviewed within I Hated Hated Hated This Movie are motion pictures you'll want to distance yourself from but Roger Ebert's creative and comical musings on those films make for a book no movie fan should miss
