The Monkees Head:

The Monkees, Head, and the 60s Peter Mills, 2016-10-25 How has a group conceived as a short lived commodity outlived many more real bands by nearly fifty years Why are The Monkees still important and what does this tell us about their music their TV show and our understanding of popular culture today Despite being built in Hollywood and not necessarily to last that is precisely what their music TV and cinematic output has done They in many ways unique as the first made for TV band their success introduced methods of marketing pop that have since become standard industry practice their big screen use of film and images in live performance is likewise now a firmly established principle of concert staging and in the way they changed the rules of the game taking control over their own affairs at the height of the success risking magnificent failure by doing so The Monkees invented a new kind of TV gave a new model to the music industry and left behind one of the most enigmatic movies of the modern era Head This book is about all that and more Beginning by exploring the origins and personalities of the four Monkees before looking in depth at their work together on screen on stage and on record The Monkees Head and the 60s is the first serious study of the band and the first to fully acknowledge their importance to the development of pop as we now know it Jack Nicholson actually brought the book to my attention Since neither of us are inclined to read books talking about ourselves or for that matter about the movie world I was surprised with this one Peter Mills began as a musician so his appreciation of The Monkees both as phenomenon and critic is well founded The Monkee history is astonishing As for Head no one has so thoughtfully elaborated on its meaning The movie is elusive But not to him or anyone who reads the book And that includes me Bob Rafelson creator of The Monkees director of Head

Hotter Than a Match Head Steve Boone, Tony Moss, 2014-08-01 On October 15 1967 bass player Steve Boone took the Ed Sullivan Show stage for the final time with his band The Lovin Spoonful Since forming in a Greenwich Village hotel in early 1965 Boone and his bandmates had released an astounding nine Top 20 singles the first seven of which hit the Billboard Top 10 including the iconic Boone co writes *Summer in the City* and *You Didn't Have to Be So Nice* Little did Steve Boone know that the path of his life and career would soon take a turn for the bizarre one that would eventually find him looking at the world through the bars of a jail cell From captaining a seaworthy enterprise to smuggle marijuana into the U S from Colombia to a period of addiction to the successful reformation of the band he'd helped make famous *Hotter Than a Match Head* tells the story of Boone's personal journey along with that of one of the most important and enduring groups of the 1960s
