Creating Literature Out of Life Doris Alexander, 2010-11 An exploration of the creative process in four classic works Death in Venice Treasure Island The Rubiy t of Mar Khayy m and War and Peace Creating Literature Out of Life examines four very dissimilar masterpieces and their authors in search of evidence that will answer some of the many questions in the great mystery of creativity Crossing boundaries of period nation and genre the study looks into the why and how of the creation of Thomas Mann s Death in Venice Robert Louis Stevenson s Treasure Island Edward FitzGerald s The Rubiy t of Mar Khayy m and Lev Tolstoy s War and Peace Doris Alexander finds that each of these works was compelled by an urgent life problem of its author some of them partly conscious others completely unconscious which worked in harmony and counterpoint with the author s conscious theme to shape his work She traces an interconnected nexus of memories personal experiences ideas readings that came alive in response to the author s problem and served as a reservoir out of which his characters his images his story line and the emotional tone of his work emerged Creating Literature Out of Life tells the exciting story of how Mann Stevenson FitzGerald and Tolstoy fought out their major life battles in their works *Dictionary Catalog of the Slavonic Collection* New York Public Library.
