**Felix Holt, the True Story** P L Quinn, 2017-06-28 Felix Holt the True Story is a critical examination of Felix Holt the Radical 1866 by George Eliot Since the novel's publication it has automatically been assumed that the fictional East Midlands market town of Treby Magna where the novel is set must be based upon the Nuneaton of George Eliot's childhood However this assumption has made the novel largely unreadable Whilst Eliot's childhood and her earlier novels are informative towards the construction of Felix Holt the Radical this study proposes that the Treby community is based upon the East Midlands market town of Leicester by far the oldest East Midlands community It is also proposed that Eliot wanted to write a novel with a similar impact to Cranford by Elizabeth Gaskell 1851 1853 in which the community finally pulls together Hence it is determined that Eliot wrote Felix Holt the Radical as a means of unifying the varying rifts of Christian eclecticism into her mode of Humanism

Released in May 1977 the original Star Wars movie inaugurated the age of the movie blockbuster It also redefined the use of cinematic special effects creating a new textual universe that now stretches through three decades two trilogies and generations of fascinated viewers The body of critical analysis that has developed from this epic focuses primarily on the Star Wars universe as a contemporary myth However like any fiction it must also be viewed and consequently analyzed as a product of the culture which created it The essays in this book analyze the Star Wars trilogies as a culturally and historically specific phenomenon Moving away from the traditional myth based criticism of the films the essayists employ a cultural studies model to examine how this phenomenon intersects with social formations such as economics technology race and gender Critical approaches are varied and include political and economic analysis informed by feminism contemporary race theory Marxism new media studies and post humanism Among the topics covered are the connections between the trilogies and our own cultural landscape the problematic issues of race and gender and the thematic implications of Lucas presentation of technology Instructors considering this book for use in a course may request an examination copy here
