Star Culture Collected Interviews From Dazed And Confused Magazine:

Star Culture Mark Sanders, Jefferson Hack, 2000 Dazed Confused was conceived as an exploration into the language of style culture a world where identity fuses with image to leave many would be protagonists dazed and confused as to the results D Magazine has today become a platform for many up and coming and established artists film directors actors photographers and fashion gurus With a strong belief in collaborative journalism that utilizes the format of the two way interview in its most refined form it turns the tables on established interview techniques to transform the celebrity profile into a hard hitting expos on the nature of fame and creativity With up to 40 interviews with celebrities Damien Hirst Jean Baudrillard Kate Moss Terry Southern Isaac Hayes Noam Chomsky Bjork and Stockhausen Lou Reed and Paul Auster Harmony Korine and Werner Herzog etc the book includes full page portraits of the personalities featured in the magazine including photographs by Rankin Phil Poynter Martina Hoogland Ivanhoe Duane Michals Dean Chalkley Andrew Cotterill Mr Perou Justin Westover Jurgen Teller Mario Testino Robert Frank Wolfgang Tillmans and Dana Lixenberg The Dazed Confused collected interviews provide a definitive insight into the style culture of the 1990s forming a unique and singular portrait of a generation of young artists alongside their more established antecedents Art and Celebrity John A. Walker, 2002-12-20 The growing cult of the celebrity in contemporary culture is throwing up paradoxical ideas about the contradictions between high art and mass appeal and blurring the already unstable boundaries between art commodity and popular culture This is a lively and accessible study of the phenomenon informed by a look at what happens when the serious world of art collides with celebrity Global culture is now dominated by celebrities some of whom like Madonna and Stallone are art collectors and some like Dennis Hopper and David Bowie are part time artists Walker explains how artists such as Warhol Gavin Turk Jeff Koons Elizabeth Peyton and Alison Jackson contribute to but also critique the cult of celebrity by depicting film celebrities rock stars and royalty in paintings and statues Celebritisation has overtaken the art world too Walker surveys 14 art stars of the twentieth century from Dali to Tracey Emin He also reviews alternatives the left wing pantheon of figures such as Mao Che Guevara and Rosa Luxemburg and pictorial celebrations of the people **Me and You and Memento and Fargo** J.J. Murphy, 2007-03-15 Within the last twenty five years an enormous burst of creative production has emerged from independent filmmakers From Stranger than Paradise 1984 and Slacker 1991 to Gus Van Sant's Elephant 2003 and Miranda July's Me and You and Everyone We Know 2005 indie cinema has become part of mainstream culture But what makes these films independent Is it simply a matter of budget and production values Or are there aesthetic qualities that set them off from ordinary Hollywood entertainment In this groundbreaking new study J J Murphy argues that the independent feature film from the 1980s to the present has developed a distinct approach of its own centering on new and different conceptions of cinematic storytelling The film script is the heart of the creative originality to be found in the independent movement Even directors noted for their idiosyncratic visual style or the handling of performers typically

originate their material and write their own scripts By studying the principles underlying the independent screenplay we gain a direct sense of the originality of this new trend in American cinema *Me and You* and *Memento* and *Fargo* also presents a unique vision for the aspiring screenwriter Most screenwriting manuals and guidebooks on the market rely on formulas believed to generate saleable Hollywood films Many writers present a three act paradigm as gospel and proceed to lay down very stringent rules for characterization plotting timing of climaxes and so on while others who appear to be more open about such rules turn out to be just as inflexible in their advice Through in depth critical analyses of some of the most significant independent films of recent years J J Murphy emphasizes the crucial role that novelty can play in the screenwriting process
