Star Mothers:

That Knock at the Door Holly S. Fenelon, 2012 A blue star for each family member serving in America's military a gold star if that life was lost in defense of the nation's freedom IN WORLD WAR I the American tradition of the service flag began Families displayed a simple fabric banner with a blue star for each family member serving in the U S Armed Forces If a family member died in the nation's service a gold star covered that individual's blue star on the family service flag Not a symbol of mourning the gold star represented the family's pride and the honor and glory accorded to that individual for making the supreme sacrifice in defense of the America's freedom Soon the term gold star mother came to be used to identify and honor women who had lost a son or daughter in wartime military service Following the war as the nation focused its attention on those veterans who had returned whole in mind and body gold star mothers served as a constant reminder of the true cost of war In 1928 a group of these women formed American Gold Star Mothers Inc an organization created to honor those who had died by being of service to veterans and their families in need supporting gold star families and caring for veterans who had returned with physical emotional and psychological wounds From that humble beginning American Gold Star Mothers Inc has become an icon of national service opening its membership time and again to gold star mothers of later wars and conflicts including Iraq and Afghanistan Their amazing legacy of service is an important yet largely unknown chapter in American history This book presents the story of gold star mothers in America and the first comprehensive history of American Gold Star Mothers Inc drawn from nearly a century of archival materials The fascinating story of the strong women who honored their fallen sons and daughters by dedicating themselves to the service of veterans and peace is both compelling and inspiring [The Gold Star Mother Pilgrimages of the 1930s](#) John W. Mothers of Heroes, Mothers of Martyrs Suzanne Evans, 2007-02-09 Maternal love is considered the most unconditional form of love yet mothers have been prepared to sacrifice their children or to see them sacrificed for a noble cause Mothers of Heroes Mothers of Martyrs shows that across cultures and historical eras in times of great stress societies will channel all their resources even maternal love and grief toward a common cause

Maternalism Reconsidered Marian van der Klein, Rebecca Jo Plant, Nichole Sanders, Lori R. Weintrob, 2012-04-01 Beginning in the late 19th century competing ideas about motherhood had a profound impact on the development and implementation of social welfare policies Calls for programmes aimed at assisting and directing mothers emanated from all quarters of the globe advanced by states and voluntary organizations liberals and conservatives feminists and anti feminists a phenomenon that scholars have since termed maternalism This volume reassesses maternalism by providing critical reflections on prior usages of the concept and by expanding its meaning to encompass geographical areas political regimes and cultural concerns that scholars have rarely addressed From Argentina Brazil and Mexico City to France Italy the Netherlands the Soviet Ukraine the United States and Canada these case studies offer fresh theoretical and historical perspectives within a transnational and comparative framework As a whole the volume demonstrates how maternalist ideologies have been employed by state actors

Kurt Piehler,2014-10-28 Wars do not fully end when the shooting stops As G Kurt Piehler reveals in this book after every conflict from the Revolution to the Persian Gulf War Americans have argued about how and for what deeds and heroes wars should be remembered Drawing on sources ranging from government documents to Embalmers Monthly Piehler recounts efforts to commemorate wars by erecting monuments designating holidays forming veterans organizations and establishing national cemeteries The federal government he contends initially sidestepped funding for memorials thereby leaving the determination of how and whom to honor in the hands of those with ready money and those who responded to them In one instance monuments to Yankee heroes erected by the Daughters of the American Revolution were countered by immigrant groups who added such figures as Casimir Pulaski and Thaddeus Kosciuszko to the record of the war Piehler argues that the conflict between these groups is emblematic of the ongoing reinterpretation of wars by majority and minority groups and by successive generations Demonstrating that the battles over the Vietnam Veterans Memorial are not unique in American history Remembering War the American Way reveals that the memory of war is intrinsically bound to the pluralistic definition of national identity Congressional Record United States.
