

Spell

Art Credit:
Will Murai

STAR SPLINTER

4th-level evocation (Druid, Sorcerer, Wizard)

Casting Time: 1 action

Range: 120 feet

Components: V, S, M (a piece of a meteorite)

Duration: Instantaneous

You hurl an orb of radiant energy at one creature you can see within range, causing it to erupt in a brilliant flash of light.

The target must make a Constitution saving throw. On a failed save, it takes 3d12 radiant damage and is blinded until the end of your next turn. On a successful save, it takes half as much damage and isn't blinded by this spell.

Fragments of raw, cosmic energy are then launched from the eruption. Make a ranged spell attack against the target and up to three other creatures of your choice within 30 feet of it. On a hit, a creature takes 2d6 force damage.

At Higher Levels. When you cast this spell using a spell slot of 5th level or higher, the radiant damage increases by 1d12 and the force damage increases by 1d6 for each slot level above 4th.

Star Spells

Ian Pickup

Star Spells:

If you ally dependence such a referred **Star Spells** books that will give you worth, get the certainly best seller from us currently from several preferred authors. If you want to comical books, lots of novels, tale, jokes, and more fictions collections are also launched, from best seller to one of the most current released.

You may not be perplexed to enjoy every books collections Star Spells that we will definitely offer. It is not around the costs. Its nearly what you obsession currently. This Star Spells, as one of the most functional sellers here will completely be in the midst of the best options to review.
