Star Trek: Enterprise:

The Star Trek: Enterprise: The Expanse J.M. Dillard, 2003-10-01 With the mindless destruction of over seven million people Starfleet and the crew of the Enterprise must face the fact that someone is willing to destroy the Earth and all of her people High above the planet Earth an alien probe appears and in an unspeakably horrific instant releases a deadly blast that strafes the planet's surface leaving a miles wide smoldering crater of destruction in its wake Millions die in Florida Cuba and Venezuela their lives blotted out in a blazing millisecond Just as swiftly the probe implodes and crashes on the planet surface but the remnants provide no clue as to its origin Who are the attackers and what provoked them Aboard the Starship Enterprise Captain Jonathan Archer learns of the destruction His ship is called home it is uncertain whether its mission of space exploration will continue But before Enterprise reaches Earth Archer is abruptly kidnapped from the bridge by the time traveling enemies he has encountered before He finds himself aboard a Suliban vessel face to face with his old nemesis Silik a high ranking individual in a battle known only as the Temporal Cold War Silik leads him to his master a mysterious humanoid from the far future The humanoid claims that the attack on Earth was just a test and the next attack will destroy Archer's home planet unless he and the Enterprise crew stop it To do so they must enter a region of space called The Expanse an area so dangerous that no ship has ever emerged from it unscathed Vulcan crews were driven to bloodthirsty madness Klingon crews were anatomically inverted their internal organs exposed outside their bodies while they still lived Many vessels were lost never to be heard from again Archer faces the greatest crisis of his career Should he believe Silik's time traveling master and expose his ship and crew to the perils of The Expanse in hopes of saving Earth from destruction And can he convince Starfleet Command and the Vulcan High Council to let Enterprise go to face her biggest challenge

suspensions He needs facts And only one woman can give them to him Ensign Hoshi Sato If she can translate the Antian language peace may just be possible If not war a devastating sector wide war will soon result *Star Trek: The U.S.S. Enterprise NCC-1701 Illustrated Handbook* Ben Robinson, Marcus Riley, Simon Hugo, 2019-10-15 This volume provides a detailed account of the TV starship from the original 1966 1969 series and the movie starships from the first six Star trek movies Also included is Captain Christopher Pike's Enterprise from the TV series Star trek Discovery The chapters follow the starships through time and the isometric illustrations include all key locations annotated plan views detailed technical information Starfleet equipment uniforms and insignia adapted from jacket *Star Trek: Enterprise: Rosetta* Dave Stern, 2010-07-13 On the edge of uncharted space Captain Jonathan Archer and the crew of the Starship Enterprise find their way forward blocked by a mysterious alien vessel piloted by a race they will soon come to know as the Antian Unable to decipher the alien ship's transmissions unwilling to risk a battle Enterprise is forced to veer from its planned course Almost immediately they find themselves in the heart of space ruled by the Thelasian Trading Confederacy who have also had dealings with the Antian The Thelasian leader Governor Maxim Sen is in fact in the middle of organizing a war against the Antian to eliminate the threat they pose to the Confederacy's trading routes Archer suspects Sen has other motives as well He also suspects that there is a reason for the Antian's seemingly hostile posture But with the assembled forces of an entire sector against him he needs more than just suspicions He needs facts And only one woman can give them to him Ensign Hoshi Sato If she can translate the Antian language peace may just be possible If not war a devastating sector wide war will soon result *Star Trek: Enterprise: Shockwave* Paul Ruditis, 2002-10-30 Time shall unfold what plighted cunning hides William Shakespeare The Vulcan Science Directorate has concluded that time travel is impossible T Pol The Starship Enterprise NX 01 has carried its crew farther into the reaches of space than any human has ever travelled Commanded by Captain Jonathan Archer they have charted new stars explored planets and made first contact with races previously unknown to even the Vulcans And while it's true that they have made mistakes along the way the crew of Enterprise have tried to live up to Starfleet's creed to boldly go The Paraagan deep space colony was just another first contact unusual only in two aspects it was a matriarchal society and the planet's upper atmosphere was filled with a highly volatile gas But the officers of Enterprise knew how to handle their shuttlepod and they understood the Paraagan landing protocols As the shuttlepod descended into the planet's atmosphere they closed the plasma vents certain that nothing could escape and ignite the gas Thirty six hundred colonists were vaporized in the blast Every building every living thing everything on the surface was destroyed in the fireball But how could it have happened Every reading shows that the pod's vents were shut Nevertheless it could only have been the Enterprise crew who caused the destruction Recalled to Earth Archer knows that the Vulcan High Command has convinced Starfleet of what they have long insisted Humans are not ready for deep space exploration True it was an accident But considering the catastrophic loss of life Starfleet must agree that deep space exploration must wait just

a little longer perhaps another twenty years or longer But these were not the events as history recorded them No one died Enterprise was never recalled This is the startling information offered by the mysterious Crewman Daniels who claims to be from the thirty first century and a foot soldier in the temporal cold war With a renewed sense of determination Archer sets out to prove Enterprise s innocence armed with the knowledge that if he succeeds his ship will be safe his future secure But time is a swiftly moving river in whose deadly rapids Enterprise and her captain are now caught Is there anything one very small starship can do against these forces

Star Trek: Enterprise: Daedalus's Children Dave Stern,2004-05-01 An original novel set in the universe of Star Trek Enterprise Crippled by a freak accident Enterprise has crossed over into an alternate universe and into the middle of a civil war set off by a brutal warlord who has used technology stolen from the Daedalus to enslave his people

Forcibly removed from their ship imprisoned and brutalized by their captors Captain Archer and crew soon find themselves confronting an even more immediate challenge than escape subtle biochemical differences in this universe that make their continued survival an impossibility Every hour they spend in this parallel continuum brings them closer to death Yet Archer discovers that in order to recapture Enterprise he may have to cripple his ship once again And even if he manages to find a solution to that dilemma one last survivor of the doomed flight of the Daedalus stands between Enterprise and her safe return home

Analysis - Making Star Trek: Enterprise Even Better (Second Edition) Steven Gordon, 2017-12-23 Star Trek Enterprise was really the story of two different television shows The first featured super moral characters who could spend much of an episode talking about Malcolm Reed's favorite food or writing letters to school children back home still leaving time to solve an important ethical issue that was vexing the captain After two seasons of this the ratings did not reward the show quite as much as producers would have hoped so Enterprise became that second very different kind of television show The ship was given a life or death mission the characters became serious and antagonists suddenly appeared Gone were the episodes full of moral masturbation and in every episode Captain Archer seemed to compete with himself to become even tougher than in the previous one The third season was one long story arc and for the most part was quite a good one The fourth season was a mixture of the first and the third sometimes relying on the standard morality plays and sometimes harkening back to the action and adventure of the third season The purpose of this book is twofold 1 to show how the weaker episodes could have become good episodes and 2 to show how the good episodes could have become great episodes by analyzing the plots and characterizations in each episode

Star Trek: Enterprise: Kobayashi Maru Michael A. Martin, Andy Mangels, 2008-08-26 To protect the cargo ships essential to the continuing existence of the fledgling Coalition of Planets the captains of the United Earth's Starfleet are ordered to interstellar picket duty with little more to do than ask Who goes there into the darkness of space Captain Jonathan Archer of the Enterprise seethes with frustration wondering if anyone else can see what he sees A secret closed militaristic society convinced that their survival hangs by a thread who view their neighbors as a threat to their very existence the Spartans of ancient Greece the Russians of the old Soviet Union the Koreans under Kim Il sung with only one goal attain ultimate power no matter the cost The little known never seen Romulans seem to live by these same principles The captain realizes that the bond between the signers of the Coalition charter is fragile and likely to snap if pushed But he knows that the Romulans are hostile and he believes they are the force behind the cargo ship attacks If asked Archer can offer no proof without endangering his friend's life To whom does he owe his loyalty his friend his world the Coalition And by choosing one does he not risk losing all of them What is the solution to a no win scenario
