Hero's Journey Valerie Estelle Frankel,2021-03-29 The original Star Wars trilogy famously follows Joseph Campbell s model for the hero s journey making Luke Skywalker s story the new hero quest for a modern age With the nine plus film saga complete however new story patterns have emerged as the hero s journey is imagined over and over for characters of different ages genders and backgrounds The prequels offer the plot arc of the villain s journey through Anakin Leia and Padme while damsels in the men s story break out to undergo their own ordeals The heroine s journey is exemplified by Rey and Jyn Obi Wan Yoda and Vader must accept the loss of power and fade into spirit guardians perpetuating the lifecycle By the sequel era the original trio become mentors to the younger generation and finally must do the same Meanwhile the Mandalorian explores a different form of the quest as he transforms from immature warrior to patriarch This book tracks the journeys of over 20 characters throughout the franchise *How Star Wars Conquered the Universe* Chris Taylor,2015-10-06

In 1973 a young filmmaker named George Lucas scribbled some notes for a far fetched space fantasy epic Some forty years and 37 billion later Star Wars related products outnumber human beings a growing stormtrooper army spans the globe and Jediism has become a religion in its own right Lucas s creation has grown into far more than a cinematic classic it is quite simply one of the most lucrative influential and interactive franchises of all time Yet incredibly until now the complete history of Star Wars its influences and impact the controversies it has spawned its financial growth and long term prospects has never been told In *How Star Wars Conquered the Universe* veteran journalist Chris Taylor traces the series from the difficult birth of the original film through its sequels the franchise s death and rebirth the prequels and the preparations for a new trilogy Providing portraits of the friends writers artists producers and marketers who labored behind the scenes to turn Lucas s idea into a legend Taylor also jousts with modern day Jedi tinkers with droid builders and gets inside Boba Fett s helmet all to find out how Star Wars has attracted and inspired so many fans for so long Since the first film s release in 1977 Taylor shows Star Wars has conquered our culture with a sense of lightness and exuberance while remaining serious enough to influence politics in far flung countries and spread a spirituality that appeals to religious groups and atheists alike Controversial digital upgrades and poorly received prequels have actually made the franchise stronger than ever Now with a savvy new set of bosses holding the reins and Episode VII on the horizon it looks like Star Wars is just getting started An

energetic fast moving account of this creative and commercial phenomenon How Star Wars Conquered the Universe explains how a young filmmaker s fragile dream beat out a surprising number of rivals to gain a diehard multigenerational fan base and why it will be galvanizing our imaginations and minting money for generations to come **The Best of Star Wars Insider Volume 4** Jonathan Wilkins,2016-11-22 Explore the galaxy far far away Four decades after the original Star Wars was released changing cinema forever the saga continues with all new movies books comics video games and TV spin offs This collection of interviews and behind the scenes features includes Daisy Ridley on playing Rey in The Force Awakens an exploration of rare prototype toys that never made it into stores and Mark Hamill s thoughts on working with Sir Alec Guinness The Best of Star Wars Insider proves we don t know all there is to know about Star Wars New York Journal of Books

TM 2021 Lucasfilm Ltd. **The Transmedia Franchise of Star Wars TV** Dominic J. Nardi, Derek R. Sweet, 2020-11-11. While previous work on the Star Wars universe charts the Campbellian mythic arcs, political representations, and fan reactions associated with the films, this volume takes a transmedial approach to the material, recognizing that Star Wars TV projects interact with and relate to other Star Wars texts. The chapters in this volume take as a basic premise that the televisual entrants into the Star Wars transmedia storyworld are both important texts in the history of popular culture and also key to understanding how the Star Wars franchise and thus industry-wide transmedia storytelling strategies developed. The book expands previous work to consider television studies and sharp cultural criticism together in an effort to bring both long-running popular series, long-ignored texts, and even toy commercials to bear on the franchise's complex history.
