Darden Jr. had worked tirelessly to make this day possible A snowbound discussion at the Colonial Inn in Wise had resulted in the conversion of the local County Poor Farm into the only branch of the University of Virginia Since those humble beginnings the College at Wise has flourished growing from a two year certificate granting institution into a four year baccalaureate degree granting college in the late 1960s In 1999 the college completed a transition from Clinch Valley College to the University of Virginia's College at Wise Having journeyed over uncertain ground with respect to its student population and its relationship with the University of Virginia the College at Wise has in recent years boasted its highest historical student enrollments garnered a national reputation as a public liberal arts college and still operates as the university's only branch Published for Wise's fiftieth anniversary in September 2004 Brian Steel Wills's history is essential reading for the college's alumni faculty and administrators and for anyone interested in a heroic chapter in the history of public higher education in Virginia Bart Starr David Claerbaut, 2021-10-21 Biography of Bart Starr Green Bay Packers star quarterback during the Vince Lombardi era 1959-1968 **Packers by the Numbers** John Maxymuk, 2003 Numbers conjure up vivid memories in sports If you say 3 most sports fans would think of Babe Ruth Green Bay Packer fans would remember Tony Canadeo If you say 75 most football fans would think of Mean Joe Green but Packer fans would recall Forrest Gregg This unique book features 99 chapters one keyed to each uniform number The history of each number provides a different slice of Packer history representing a thematic rather than chronological approach to Green Bay's rich

heritage There is no other book like this that reviews a team history by its uniform numbers A refreshing take on a most popular team

My Life and Lens Capt. Robert L. Bowen, 2017-03-20 Journalists possess critical responsibilities one is simply to inform another is to explain As a military photojournalist during the Vietnam Era Bob Bowen has captured visually with his camera and explained eloquently with his written words the horrors and the honorable service of that period In his new book *My Life and Lens* Bowen articulates not only high action combat but the artful subtleties and tactics of warfare He writes so well that the reader is pulled into the stories as if there in person It is one thing to provide facts to America s cumulative history it s another to display the facts through personal experiences One will learn through reading this memoir that the life of a journalist in a war zone could be short lived It is dangerous work but when successful the work informs This is what makes Bowen s book such a compelling read This memoir is an excellent pictorial and literary contribution not only to our nation s history but in the recognition of those who honorably participated in that unpopular conflict Respect is demonstrated to the families of the brave American heroes of this long ago era by Bob Bowen s memorializing them in his book Worth
