The Nests at Washington, and Other Poems John James Piatt, Sarah Morgan Bryan Piatt, 1864 Last Knight's Almanac Austin Torney, 2008-01-31 Last Knight's Almanac celebrates life love and adventure in the years following the death of King Arthur But it also serves as a backdrop on which I can draw literary portraits of many of man's favorite things such as nature astronomy emotion poetry travel history fantasy art and so on Arthurian legend is the main thread of the story and is also one of my favorite things so this is important too What really happened in the Dark Ages And yes it's true but only if you wish to believe it that I unearthed these Chronicles from an iron box that was buried 1400 years ago under the Abbey of Glastonbury **Dare to Sleep** Narelle Weston, 2013-08-15 On most days in most years nothing much happens in Dyman a peaceful Australian community But today is not most days A hiker waves down traffic panicked and breathless to report a horrendous homicide Two young but efficient investigators Detective Denise Porter and her partner Constable Stanthorpe are assigned to the case The increasingly disturbing and confusing labyrinth of evidence challenges them like no other case has and what their investigation reveals is almost as disturbing as the crime itself This murder has all the signs of organized crime and the tell tale presence of The Boss is problematic to say the least Illusive as well as elusive The Boss has made sure that every lead is a dead one every suspicion is a false one and every fact is anything but Mayor Brody Mayfield a well respected member of the community is swept into the investigation and quickly finds his reputation called into question The mayor's assistant Kate Diamond has her own secrets to protect A product of an abusive childhood she grew up in poverty and

was no stranger to death As an adult her quest for financial security has her locked into her own set of challenges The deeper she digs the more she uncovers her own scandal Even worse she begins to suspect that her boss may be closer to The Boss than anyone knows As one team races to reveal the truth another works just as hard to protect its secrets *Twilight of Avalon* Anna Elliott,2009-05-05 Book One in the Twilight of Avalon Trilogy She is a healer a storyteller a warrior and a queen without a throne In the shadow of King Arthur s Britain one woman knows the truth that could save a kingdom from the hands of a tyrant Ancient grudges old wounds and the quest for power rule in the newly widowed Queen Isolde s court Hardly a generation after the downfall of Camelot Isolde grieves for her slain husband King Constantine a man she secretly knows to have been murdered by the scheming Lord Marche the man who has just assumed his title as High King Though her skills as a healer are renowned throughout the kingdom in the wake of Con s death accusations of witchcraft and sorcery threaten her freedom and her ability to bring Marche to justice Burdened by their suspicion and her own grief Isolde must conquer the court s distrust and superstition to protect her throne and the future of Britain One of her few allies is Trystan a prisoner with a lonely and troubled past Neither Saxon nor Briton he is unmoved by the political scheming rumors and accusations swirling around the fair queen Together they escape and as their companionship turns from friendship to love they must find a way to prove what they know to be true that Marche s deceptions threaten not only their lives but the sovereignty of the British kingdom In *Twilight of Avalon* Anna Elliott returns to the roots of the legend of Trystan and Isolde to shape a very different story one based in the earliest written versions of the Arthurian tales a captivating epic brimming with historic authenticity sweeping romance and the powerful magic of legend Plays and Pageants of Democracy Fanny Ursula Payne,1919 A to Zoo Rebecca L. The Media Show Edwin Diamond,1991 The Media Show is a lively analysis of one of the underreported major stories of our time the growing power and influence of the media In these essays and reports critic Edwin Diamond takes a hard look at the methods of the American media during a period of heightened competition and increased conglomeration focusing on the way news stories are shaped and sometimes distorted Diamond first considers some of the consequences of the new order created by richer technologies and lowered aspirations He explores the mixed results of this new system including marked changes in American broadcasting as the networks downsize their expenditures to news and public affairs coverage There is he notes often a serious conflict within networks between the public good and the bottom line a conflict that the news media generally chooses not to examine Diamond then scrutinizes the role of style and personality on television Next he turns to specific examples of television coverage of the defining topics of the late 1980s and early 1990s including the arrival of cable technology and CNN which changed the way wars and crises are covered how some members of the media practiced unsafe journalism in their reports on AIDS the role the media assumed as the moral police in recent election campaigns the way race and class influenced crime stories such as the Tawana Brawley and the Central Park jogger cases

how the media has often seemed married to the mob in its reporting about reputed godfather John Gotti and the changes in White House press coverage as Ronald Reagan was succeeded by George Bush Diamond concludes by proposing several ideas for creating new media structures Edwin Diamond is Professor of Journalism at New York University where he directs the News Study Group and he is media columnist for New York magazine His previous books include Good News Bad News Sign Off The Last Days of Television and The Spot The Rise of Political Advertising on Television *The American Catholic Quarterly Review* ... ,1918
