children with him knowing they would see or hear nothing that would scandalize them So variety a gentler less red blooded entertainment was gradually established At the top of the profession were Gracie Fields a peerless singer and comedienne and Max Miller a comic who was renowned for being risqu but who in fact never cracked a dirty joke They were supported by acts that matched the word variety ventriloquists drag artists animal acts acrobats jugglers magicians and many more But the variety theater was constantly under threat first from revue then radio the cinema girlie shows the birth of rock n roll and finally television By the end of the 1950s the variety business seemed to have given up but the recent and extraordinary popularity of talent shows on television has proved the public appetite is still there Variety could be about to start all over again A priceless record of the people who entertained several generations between the wars and for a brief time after WWII thoroughly entertaining Books Monthly *Entertaining the Troops* Kiri Bloom Walden,2019-08-22 This book explores the foundation and work of the Entertainments National Service Association ENSA and other entertainment organisations such as CEMA and Stars in Battledress These organisations ensured that troops in all theatres of the Second World War were visited by big bands ballet stars Shakespearian actors and the most famous popular entertainers of the day in order to raise morale Many of Britain s biggest stars cut their teeth performing on makeshift stages to homesick soldiers sailors and airmen and women during the war years with famous performers including Laurence Olivier Gracie Fields George Formby Vera Lynn Margot Fonteyn and members of The Goons This book also details the alternative arrangements made when the entertainment organisations couldn t come the forces often put on their own shows with pantomimes and plays written and performed by POWs being a prime example *British Theatre and Performance 1900-1950* Rebecca D'Monte,2015-02-26 British theatre from 1900 to 1950 has been subject to radical re evaluation with plays from the period setting theatres alight and gaining critical acclaim once again this book explains why presenting a comprehensive survey of the theatre and how it shaped the work that followed Rebecca D Monte examines how the emphasis upon the working class angry drama from the 1950s has led to the neglect of much of the century s earlier drama positioning the book as part of the current debate about the relationship between war and culture the middlebrow and historiography In a comprehensive survey of the period the book considers the Edwardian theatre the theatre of the First World War including propaganda and musicals the interwar years the rise of commercial theatre and influence of Modernism the theatre of the Second World War and post war period Essays from leading scholars Penny Farfan Steve Nicholson and Claire Cochrane give further critical perspectives on the period s theatre and demonstrate its relevance to the drama of today For anyone studying 20th century British Drama this will prove one of the foundational texts *The Finest Type of English Womanhood* Rachel Heath,2011-01-18 It is 1946 and seventeen year old Laura Telling is stagnating in her dilapidated Sussex family home while her eccentric parents slip further into isolation A chance encounter with Paul Lovell offers her the chance to alter the course of her destiny and to embark on a new life in South Africa Many miles north sixteen year old Gay Gibson is desperate to escape Birkenhead When the girls
