book Sample Book Insights 1 Loneliness is a real feeling when you re single It s not a temporary condition like being hungry or horny It s an ongoing state that can make you lose hope and wonder Will I ever find love again 2 Stop ruminating about whether or not you ll ever find the kind of person you ve always wanted If that question causes you anxiety the last thing you should be doing is getting involved in a relationship 3 Singlehood does not mean you have to give up on love It means you must be okay with the possibility of never finding your one You must accept that if you don t find the one your world will not end 4 We become curious and fearless kids but as adults we become afraid emotionally stunted and vulnerable We attach ourselves to others and their opinions of us because we don t have a strong sense of self We start to believe we are less than so we try to make up for it in other ways
