Startling Moon:

Startling Moon Hong Liu, Liu Hong, 2001 Startling Moon follows Taotao on a journey of discovery as she comes to understand her mother's stark choice and to look towards a very different China. Her first guides are her grandparents who open her eyes to a rich tradition of folk tales, Peking Opera and classical poetry. Hungry to learn more, she travels to a distant university, to the timeless grasslands of Inner Mongolia and finally to the city of Beijing, electric with the excitement of the democracy movement. Above all, it is the story of her quest to know her own heart, of the joys and responsibilities of friendship, the pain of first love and of the full blossoming of passion for an older western man which will lead Taotao to risk her safety and all that she holds dear. **BOOK JACKET**

Startling Moon looks back to a past of rich but suppressed tradition and forward to a very different China. Above all, it is the story of Taotao's quest to know her own heart and of the blossoming of a passion which will lead her to risk all that she holds dear.

My Super Pretty Wife Wen Ding, 2020-08-07 Mercenary King Chen Yang returned to the city to protect his comrade's sister, the goddess. In the bustling city, Chen Yang was like a fish in water, carefree and at ease. And to see how the previous generation's soldiers would use their iron fists and wits to build a business empire.

The Promise and Premise of Creativity Eugene Eoyang, 2012-07-12 The Promise and Premise of Creativity considers literature in the larger context of globalization and the clash of cultures. Refuting the view that the study of literature is useless, Eoyang argues that it expands three distinct intellectual skills: creative imagination, vicarious sympathy, and capacious intuition. With the advent of the personal computer and the blurring of cultural and economic boundaries, it is the ability to imagine, to intuit, and to invent that will mark the educated student and allow her to survive the rapid pace of change. As never before, the ability to empathize with other peoples, to understand cultures very different from one's own, is vital to success in a globalized world. In this, the very uselessness of literature may inure the mind to think creatively. Engaging with both the theory and practice of literature, its past and its potential future, Eoyang claims that our sense of the world at large, of the salient similarities and differences between cultures, would be critically diminished without comparative literature.

Gallipoli: A Manual of Trench Warfare Clem Gorman, 2015-02-25 The play is set in a sandbagged trench at Gallipoli, 1915, and throws the concepts of heroism into a new perspective. Private Barry Moon, a raw country boy, and Brendan Barra, an older soldier, share a small forward trench and they must bond to survive. They find themselves battling not only the enemy for whom they have a sneaking admiration but also themselves and the military establishment. The mateship they develop is their uniquely Australian way to combat the dehumanizing effects of war by bonding laterally, thus revealing a
