The Longer View Essays Toward A Critique Of Political Economy Modern Reader:

Leading Contemporary Economists Steven Pressman, 2008-10-01 This book describes the important contributions of several contemporary economic figures including recent Nobel Laureates Describing their work and putting it into an historical perspective these chapters explain how their work constitutes a major contribution to the discipline of economics and how it has broadened economic science Co Editor of **Elite Pluralism and Class Rule** Jayant Lele, 1981-12-15 Based on a study of recent political behaviour in a rural region of India the author presents a critique of pluralist theories of democracy and advances a new approach to political sociology Professor Lele insists that the politicians of Maharashtra sustain however dispersed a hegemonic class rule The processes of development and modernization directly serve strategies of private gain through the public sphere the elites continue to enclose the public sphere while propagating the myth of open competition Case studies of local state and national politicians illustrate this behaviour and show how competition between powerful alliances is effectively moderated The concluding section proposes a new comparative approach to political sociology It demonstrates the inherent contradiction between domination and community and argues for a historical analysis of the rise and fall of classes and ideologies Professor Lele challenges the emphasis on modernization and instrumentality in contemporary social science and suggests that the insights of Marx and Weber can lead to a more precise and universal framework for the study of societies Inflation or Depression Cy Gonick, 1975-01-01 First published in the mid 1970s Inflation or Depression attributes the contemporary world economic crisis to the post Vietnam War decline of the U S as a preeminent world economic power Rather than offering abstract economic theory Gonick's analysis is based on the actual behaviour of multinational corporations on the links that bind Western economies together and on the limitations determining the economic policies of Canada and other countries The author traces a consistent pattern by which U S policymakers intentionally exported their economic problems abroad during the early 70s Inflation or Depression offers a bold interpretation of the malaise affecting the world economy at the beginning of the 1970s □□□□□□□□, 1972 *Reading Lists in Radical Political Economics* Union for Radical Political Economics, Sam Rosenberg, 1977 *Handbook of the British Novel in the Long Eighteenth Century* Katrin Berndt, Alessa Johns, 2022-07-18 The handbook offers a comprehensive introduction to the British novel in the long eighteenth century when this genre emerged to develop into the period's most versatile and popular literary form Part I features six systematic chapters that discuss literary intellectual socio economic and political contexts providing innovative approaches to issues such as sense and sentiment gender considerations formal characteristics economic history enlightened and radical concepts of citizenship and human rights ecological ramifications and Britain's growing global involvement Part II presents twenty five analytical chapters that attend to individual novels some canonical and others recently recovered These analyses engage the debates outlined in the systematic chapters undertaking in depth readings that both contextualize the works and draw on relevant criticism literary theory and cultural

perspectives The handbook s breadth and depth clear presentation and lucid language make it attractive and accessible to scholar and student alike **Library Journal** Melvil Dewey,Richard Rogers Bowker,L. Pylodet,Charles Ammi Cutter,Bertine Emma Weston,Karl Brown,Helen E.
