The Longer View:

The Long View Richard Fisher, 2023-03-30 A wide ranging and thought provoking exploration of the importance of long term thinking Humans are unique in our ability to understand time able to comprehend the past and future like no other species Yet modern day technology and capitalism have supercharged our short termist tendencies and trapped us in the present at the mercy of reactive politics quarterly business targets and 24 hour news cycles It wasn't always so In medieval times craftsmen worked on cathedrals that would be unfinished in their lifetime Indigenous leaders fostered intergenerational reciprocity And in the early twentieth century writers dreamed of worlds thousands of years hence Now as we face long term challenges on an unprecedented scale how do we recapture that far sighted vision Richard Fisher takes us from the boardrooms of Japan home to some of the world's oldest businesses to European laboratories where scientists work as custodians on centuries long experiments He examines the psychological biases that discourage the long view and talks to the growing number of people from the worlds of philosophy technology science and the arts who are exploring smart ways to overcome them How can we learn to widen our perception of time and honour our obligations to the lives of those not yet born

The Long View Hans Tendam, 2010-01-27 Strategic thinking rather than strategic planning is the key to sustainable success Strategy involves a broader look a deeper analysis and a longer time frame Strategic thinking is about considering the consequences of developments and possible developments of actions and possible actions on the success prosperity and continuity of people organizations or communities And it is about the kind of success prosperity and continuity that we seek

This study explores strategic thinking on the basis of strategy literature and cognitive psychology. It reviews studies of how strategic decision makers operate including the military. The Long View Donna Sinclair, 2011-09. Daily meditations that nourish elder wisdom and inspire hope. This book is all about finding and offering hope. It's about claiming the full meaning of eldership and knowing that elder women have much to offer. This collection of 365 daily reflections offers elderwomen and younger women who wish to listen an opportunity to nourish the wisdom and deep knowing that comes from life experience. It also holds out the potential for growth, the opportunity to waken to different perspectives that can lead to rich possibilities and courageous actions. This is territory Donna Sinclair knows well. Retired from a 35 year career as a respected journalist, Sinclair has found plenty of life and purpose to carry her forward. In particular, she has come to realise the important roles elderwomen play in our society, remembering the past, speaking out against injustice, seeking to restore the balance of creation. Sinclair also knows that in order to accomplish these difficult yet essential tasks, elderwomen need to nourish their inner life. The challenges women face today are so enormous and threatening that it is easy to fall into despair. For this reason, especially, elderwomen need to seek hope and share it generously as Sinclair does here.
