The Longing Not All Serial Killers Are Caughtwell Not Just Yet:

The Longing Carolyn Crowe Lyles,2004-06-01 The world of reality consists of two serial killers Not just any serial killers an elderly brother and sister team that has kept their secret hidden in the old family mansion The paranormal world consists of a psychic who is being lured to the dangerous truth by a ghost Set in the South this book is fast paced with plenty of twists and turns The little town will never be the same and will become known as the home of the worst mass murders to date Alas even a psychic needs love and she finds it among the death and danger around her All in all you will deem this one of your favorites with a sequel in the works even more diabolical **Boy Zero #4** Charles Chester,2015-11-19 Perspectives

Detective Drekker is getting increasing pressure to close the Throne of God case Unable to do so with good conscience he tracks down several leads including a couple survivors of The Boogeyman Paulette hangs a lantern for another and Drekker questions the author regarding the anonymous letter Is there something supernatural connecting the two cases And what is the Zero moment that is creeping so near Boy Zero is an epic noir spanning decades and two separate murder mysteries The cases are somehow connected and Detective Drekker must connect them before the killings begin again *More Than Just a Pretty Face* Victoria Best,Rj Parker,2019-04 WARNING This book contains graphic crime scene details and statements that some may find very disturbing Hiding in the shadows of depravity Rodney James Alcala was one of the most cunning and terrifying of all serial killers Highly mobile and able to fit in anywhere Alcala flew under the radar during his murderous career in the 1960s and 1970s Even though he was arrested and in prison since 1980 his trials and appeals were not complete until March 2010 He was sentenced to death for the murders of four young women and a 12 year old girl However it is firmly believed that his victim count is much higher Law enforcement found a secret storage locker of Alcala s containing hundreds of photographs of young women children and even two boys They believe more of his victims could be among the unidentified photos Can you identify any of us Our photos were found in the secret storage locker of a Serial Killer

Belle Gunness Jack Rosewood, Rebecca Lo, 2016-02-21 There are few serial killer biographies more disturbing than the story of Belle Gunness This female serial killer was not only the worst in Illinois history she was also one of the worst American serial killers ever recorded But she also became somewhat of a legend shrouded in mystery revenge and money This is a story that will shock you more than most because of the sheer horror of her crimes A tragedy that rocked the county of La Porte as one by one more bodies were unearthed beneath the pig pen With an estimated 48 deaths at her hands Belle Gunness poisoned bludgeoned and decapitated her victims all so she could line her pockets with their savings and insurance policies This lonely hearts killer was known as Lady Bluebeard amongst other names luring her victims with newspaper advertisements Men thought they were coming to marry a wealthy woman they had no idea the price they would pay Men women and children all fell victim to this horrendously cruel woman She showed no emotion no empathy and certainly no mercy In 1908 mystery surrounded a decapitated body in the burned ruins of her home alongside the bodies of three of her children Did Hell s Belle finally meet her match in the form of Ray Lamphere the man accused of the arson and murder or did she fake her own death Was she the woman arrested for murder decades later This true crime serial killer biography may just have those answers

Stranglers and Serial Killers John Denis, 2018-02-12 AN ANTHOLOGY OF TRUE CRIME
LOOKING BACK AT SERIAL KILLERS WHO USED STRANGULATION AS THEIR M O STRANGLER JOHN John Reginald Christie was a prolific serial killer active in England during the 1940s and 1950s He murdered at least six women including his wife and some believe this number is higher as well as a baby before being arrested convicted and hanged He lured women to his flat under the guise of assisting them with some medical procedure such as abortion and strangled and raped them oftentimes while they were unconscious or dead thus giving rise to allegations that he was a necrophiliac Christie also likely framed his neighbor Timothy Evans for the death of Evans wife and infant daughter for which Evans was convicted and hanged GIRL STRANGLER Most female serial killers use poison or a gun to dispose of their victims Dana Sue Gray was one of the few who was a hands on killer strangling numerous elderly women in the Southern California area in the early 1990s But what led her to go on this murderous rampage that one police detective described as the most brutal crimes I ve ever seen Dana was a compulsive shopping addict who would steal her victims credit cards and speed off to the nearest shopping mall to indulge in her habit A lifelong thrill seeker and horror movie fan Dana would succumb to her base impulses and become arguably the most violent female serial killer in modern times HILLSIDE STRANGLERS Cousins Kenneth Bianchi and Angelo Buono Jr are collectively known by their media epithet The Hillside Strangler These two men were responsible for the murders of at least nine females ages 12 to 28 during the late 1970s in Los Angeles California and Bianchi killed two more in Washington After their first three victims did not gain much attention because they were prostitutes Bianchi and Buono decided to abduct and murder middle class nice girls Five victims were found on hillsides in the Glendale Highland Park area

during Thanksgiving weekend in 1977 and the resulting panic led to the coining of the moniker Hillside Strangler SUFFOLK STRANGLER Steven Gerald James Wright was considered to be an ordinary everyday English barman Friends and family thought that his gambling addiction and his relationship issues were the brunt of his problems but little did they know that was only scratching the surface of his nasty habits He followed into the footsteps of the British serial killers that had come before him like the legendary Jack the Ripper by primarily preying on the prostitutes of the red light district BOSTON STRANGLER Albert DeSalvo the infamous Boston Strangler is considered to be America's first serial killer of the modern era He is responsible for as many as 13 women's murders in the Boston area between 14 June 1962 and 4 January 1964 Victims were as young as 19 and as old as 85 Whereas police did not believe that all of the murders were committed by the same person the public was convinced that one person dubbed The Boston Strangler was the sole suspect ROADSIDE STRANGLER When one envisions a serial killer they think of a cold calculating heartless monster As humans some of us have developed ways to recognize other humans that are looking to cause us harm If we look at a mug shot of famous another serial killer like Charles Manson or Jeffery Dahmer one could say that these men look like serial killers Maybe it's because of their wild eyes the way that they hold themselves or the creepy feeling one receives from their presence These factors are enough to make a person stay as far away from the killer as possible but sadly not all predators come with a warning sign Michael Bruce Ross later to be known as the Roadside Strangler was a ruthless predator that slipped under the radars of the multiple women that he attacked raped and murdered *A PCL-R Investigation of the Green River Killer* Denisse Tamarit, 2013 For decades serial killers have captured our interest and curiosity not only through television but also through real stories Serial murderers have often been associated with psychopathy and many individuals believe that both go hand in hand although it is not always the case In fact not all psychopaths become serial killers and not all serial killers are psychopaths There have been said to be 35 to 100 or more active serial killers in the United States in a given year Hickey 2010 In 2011 murders consisted of 1.2% of crimes with 65% of murders solved Uniform Crime Reports and Nearly 1% of all homicides are results of serial murder and the rate has steadily increased since 1960 Gerdes 2000 Psychopaths make up about 1% of the general population and they are responsible for over 50% of serious crimes committed Hare 2003 Hare 1993 This doctoral project defines and provides an understanding of psychopathy as well as serial murder while investigating the Green River Killer A description of the subtypes of psychopathy types of serial killers and differentiation between serial murder and serial sexual murder is provided Lastly a closer look at the Green River Killer will allow for an analysis of his possible PCL-R score as well as the serial killer type and psychopathy subtype he best fits
