**Standards Reform in High-poverty Schools** Carol Ann Barnes, 2002 This author brings the voices of people in one school to the policy table at which so many sit with little understanding of the other realities involved in their reform strategies even those strategies that are well reasoned and based on the authority of research *The Courts and Standards Based Reform* Benjamin Michael Superfine, 2008-07-29 Since the desegregation of public schools in the 1950s the concept of standards based reform has become a central topic within educational policy Every American state is now required to enact standards based reform policies while shifting responsibility away from the government and holding schools more accountable for their students performance The Courts and Standards Based Education Reform positions itself at the center of the long standing dispute between law education and public policy and analyzes the court s growing role in educational policy Benjamin Superfine contends that the courts are a strong force in determining education policy and have been placed in the position to decide some of the most contentious and important issues facing education law as the standards based reform movement has grown Such major cases addressed by the courts in light of standards based reforms include the No Child Left Behind Act of 2001 and school finance reform litigation As the courts continue to rule in cases that challenge fundamental aspects of U S educational policy Superfine provides a new approach that can be used in the application and rulings of standards based reforms

**Overview and Inventory of State Requirements for School Coursework and Attendance** Elliott A. Medrich, 1992 The substance and impact of state level reforms related to student standards are presented by 1 providing information on the current state of educational reforms aimed at raising student standards 2 summarizing research designed to identify linkages between higher standards and student outcomes 3 exploring the strength of relationships between higher standards and student outcomes 4 examining trends among indicators associated with higher student standards and 5 discussing data and methods available to those concerned with the relationship of higher educational standards to student outcomes The first of four chapters briefly describes the range of state initiatives designed to achieve higher student standards and the problems associated with assessing their impacts as well as the data available for examining student outcomes Chapter 2 discusses the great variety of reform activities that have occurred at the state level between 1983 and 1990 and places them in a historical context Chapter 3 looks at research on trends in student outcomes and linkages to school reform such as student course taking patterns the proportion of school time devoted to academic subjects student achievement and high school completion rates The last chapter discusses issues associated with studying the impact of state reforms and suggests some analytical strategies that might be used to describe linkages between reforms and student outcomes Three appendixes provide the following information 1 minimum high school graduation requirements for standard diplomas 1980 and 1990 2 an overview of researching reform and student outcomes using selected databases and 3 standard error tables 53 references MLF
