Standing Firm A Vice Presidential Memoir

Richard S. Conley

Standing Firm A Vice Presidential Memoir:

Standing Firm Dan Quayle, 1995 An autobiography by the America s forty fourth Vice President provides the first and most authoritative account of the Bush Administration The White House Vice Presidency Joel K. Goldstein, 2017-03-03 I am nothing but I may be everything John Adams the first vice president wrote of his office And for most of American history the nothing part of Adams s formulation accurately captured the importance of the vice presidency at least as long as the president had a heartbeat But a job that once was not worth a bucket of warm spit according to John Nance Garner became in the hands of the most recent vice presidents critical to the governing of the country on an ongoing basis It is this dramatic development of the nation s second office that Joel K Goldstein traces and explains in *The White House Vice Presidency* The rise of the vice presidency took a sharp upward trajectory with the vice presidency of Walter Mondale In Goldstein s work we see how Mondale and Jimmy Carter designed and implemented a new model of the office that allowed the vice president to become a close presidential adviser and representative on missions that mattered Goldstein takes us through the vice presidents from Mondale to Joe Biden presenting the arrangements each had with his respective president showing elements of continuity but also variations in the office and describing the challenges each faced and the work each did The book also examines the vice presidential selection process and campaigns since 1976 and shows how those activities affect and or are affected by the newly developed White House vice presidency The book presents a comprehensive account of the vice presidency as the office has developed from Mondale to Biden But *The White House Vice Presidency* is more than that it also shows how a constitutional office can evolve through the repetition of accumulated precedents and demonstrates the critical role of political leadership in institutional development In doing so the book offers lessons that go far beyond the nation s second office important as it now has become

Through the Maelstrom Boris Gorbachevsky, 2015-03-27 The monumental battles of World War II s Eastern Front Moscow Stalingrad Kursk are etched into the historical record But there is another hidden history of that war that has too often been ignored in official accounts Boris Gorbachevsky was a junior officer in the 31st Army who first saw front line duty as a rifleman in the 30th Army *Through the Maelstrom* recounts his three harrowing years on some of the war s grimmest but forgotten battlefields the campaign for Rzhev the bloody struggle to retake Belorussia and the bitter final fighting in East Prussia As he traces his experiences from his initial training through the maelstrom to final victory he provides one of the richest and most detailed memoirs of life and warfare on the Eastern Front Gorbachevsky s panoramic account takes us from infantry specialist school to the front lines to rear services areas and his whirlwind romances in wartime Moscow He recalls the shriek of Katiusha rockets flying overhead toward the enemy and the unforgettable howl of Stukas divebombing Soviet tanks And he conveys horrors of brutal fighting not recorded previously in English including his own participation in a human wave assault that decimated his regiment at Rzhev with piles of corpses growing the closer they got to the German trenches Gorbachevsky also records the sufferings of the starving citizens

of Leningrad the savage execution of a Russian scout who turned in false information the killing of an innocent German trying to welcome the Soviet troops and a chilling campfire discussion by four Russian soldiers as they compared notes about the women they d raped His memoir brims with rich descriptions of daily army life the challenges of maintaining morale and relationships between soldiers It also includes candid expos of the many problems the Red Army faced the influence of political officers the stubbornness of senior commanders the attrition through desertions and the initial months of occupation in postwar Germany Through the Maelstrom features the swiftly moving narrative and rich dialogue associated with the grand style of great Russian literature Ultimately it provides a fitting and final testament to soldiers who fought and died in anonymity *Vice Presidents of the United States 1789-1993*, 1997

The Civil War Income Tax and the Republican Party, 1861-1872 Christopher Michael Shepard, 2010 A flat tax Tax cuts Complete elimination of the income tax These ideas have most certainly been advocated by members of the Republican Party during the past few decades Party leaders such as George W Bush Ronald Reagan and Newt Gingrich expressed disdain for the income tax and utilized their power to remove it as a revenue source At the time of the Civil War many Republicans mainly in the Northeast were opposed to the new Federal Income Tax Initially used to finance that war the Federal income tax became a hotly debated issue at a time when America was trying to put back together a fractured nation The issue split the party with Midwestern and Southern Republicans wanting to continue the income tax and Northern and Western Republicans championing its demise In the end the anti income tax wing took control of the Republican Party and shaped its economic principles for the future The book is an in depth look into how the Republicans in Congress dealt with the creation of the United States first income tax and how it affected the party for the future The author argues that the anti income tax faction of the Republican Party won the debate and took over the party and to this day the Republican Party typically promotes either cutting taxes or eliminating them altogether The author gives a brief history of the formation of the Republican Party and how they developed their economic views in distinction from the declining Whig Party who mostly sought to fund the federal budget through tariffs and not by taxing the people directly The second half of the book looks at the different income tax legislations and how Republicans in Congress responded to them Each chapter begins with a brief historical context at the time when an income tax bill was being discussed in Congress The views of Republicans on the income tax were altered throughout the war and its aftermath In the beginning Republicans enthusiastically supported the income tax as a measure needed to sustain the fighting As the war came to a close however many Republicans began to change their view They originally backed progressive rates then they wanted just one flat tax rate and by 1870 many wanted the tax to be ended There was a divide in the Republican Party though Western Republicans wanted to keep the income tax intact while Northern Republicans called for its repeal The last chapter of the book looks at the Republican Party and the income tax since 1872 Many of the arguments made by current and past Republicans e g George W Bush Eisenhower Elihu Root and even Earl Warren against the income tax are shown to be

the same ones made by many Republicans in the debate over the Civil War income tax Apparently the Northern anti income tax wing won the debate and took over the party 140 years ago

The Presidency of Bill Clinton Mark White, 2012-05-15
The presidency of Bill Clinton has an intrinsic historical significance a marker of generational change as he was the first baby boomer to reach the White House the first president whose personal life received no less attention than his policies and the first elected Democrat President to win re election since Franklin Roosevelt This book provides wide ranging coverage of Clinton s career addressing the salient aspects of Clinton s life in politics his governorship the 1992 presidential campaign the battle for health care reform his economic policies the issue of character including the Monica Lewinsky scandal his foreign policy specifically his role in the peace process in Northern Ireland and in authorizing an aerial war in Kosovo his handling of the issue of gay rights and his relationship with the Hollywood film industry Based on the latest research this volume provides important new perspectives on Clinton s life in politics It will be essential reading for anyone interested in American History Politics and International Relations

The Age of Deficits Iwan W. Morgan, 2009 This first historical study of U S budget policy covering the last three decades places the budget at the center of modern American politics and adds an important dimension to the understanding of recent events

Biographical Dictionary of the United States Secretaries of the Treasury, 1789-1995 Bernard S. Katz, C. Daniel Vencill, 1996-12-09 Describing the men who have led the U S Treasury since its creation in 1789 this book profiles those who have held the cabinet position of Secretary of the Treasury from Alexander Hamilton to Robert Rubin Each profile provides the reader with an understanding of the man the problems he faced and the contributions he made While focusing on the economic policy problems of an era and the solutions the secretary offered each profile also includes a vignette illustrating the secretary s personality and background Some represent backgrounds of money and power others backgrounds of simplicity and anonymity Some came to the office with greater stature than when they left while others made a significant mark on our nation s financial history Alexander Hamilton the first Secretary of the Treasury besides collecting and dispersing the public revenue made the Treasury a prime agency for promoting the country s economic development and fiscal soundness Since the Great Depression the Treasury s regulatory functions have been articulated and elaborated Working with the President s cabinet and with maximum statistical data the secretaries have sought to analyze the economic outlook and to coordinate official actions including policies to maintain a strong and stable U S dollar The essays in this book written by 24 authorities illustrate how the Secretary of the Treasury is responsible for formulating and recommending domestic and international financial economic and tax policy participating in the formulation of broad fiscal policies with general significance for the economy and managing the public debt The biographies illustrate continuing themes of fiscal management as our nation evolved over 200 stormy years of history They also provide an intimate look at 69 individual secretaries with stories and facts about their leadership ideas style and administrative prowess together with their personality and family lives

American Conservatism Bruce Frohnen, Jeremy

Beer, Nelson O. Jeffrey, 2014-05-20 A must own title National Review Online American Conservatism An Encyclopedia is the first comprehensive reference volume to cover what is surely the most influential political and intellectual movement of the past half century More than fifteen years in the making and more than half a million words in length this informative and entertaining encyclopedia contains substantive entries on those persons events organizations and concepts of major importance to postwar American conservatism Its contributors include iconic patriarchs of the conservative and libertarian movements celebrated scholars well known authors and influential movement activists and leaders Ranging from abortion to Zoll Donald Atwell and written from viewpoints as various as those which have informed the postwar conservative movement itself the encyclopedia s more than 600 entries will orient readers of all kinds to the people and ideas that have given shape to contemporary American conservatism This long awaited volume is not to be missed [The Encyclopedia of Middle East Wars](#) Spencer C. Tucker, 2010-10-08 This in depth study of U S involvement in the modern Middle East carefully weighs the interplay of domestic cultural religious diplomatic international and military events in one of the world s most troubled regions The monumental five volume The Encyclopedia of Middle East Wars The United States in the Persian Gulf Afghanistan and Iraq Conflicts is a must have resource for anyone seeking to comprehend U S actions in this volatile region Under the expert editorship of Spencer C Tucker the encyclopedia traces 20th and 21st century U S involvement in the Middle East and south central Asia concentrating on the last three decades Beginning with the 1980 1988 Iran Iraq War it covers the 1979 1989 Soviet occupation of Afghanistan the 1991 Persian Gulf War allied punitive actions against Iraq during the 1990s the Afghanistan War the Iraq War and the Global War on Terror Many smaller military actions against Iran Iraq Libya Afghanistan and other regimes that have been involved in international terrorism are also included Diplomacy religion as it pertains to Middle East conflict and social cultural developments are other key subjects of analysis as is the interplay of politics with military policy in the United States and other nations involved in the region **Jack Kemp** Morton Kondracke, Fred Barnes, 2015 A biography of the former professional football player who went on to become an influential congressman and cabinet secretary discusses his commitment to minorities and the working class **Who Lit the Match?** Herbert F. Teter, 2014-02-05 Having grown up with parents who felt they would let each of their six children find his or her way spiritually and having been taught the Golden Rule this has been written much as a mystery quest as to what events and friendships led the author along the path to a belief system he could accept wholeheartedly The idea behind the book is that it shares information and experiences that influenced that decision not to attempt to try to convince anyone else that that person is wrong but rather to perhaps encourage the reader to consider things that he or she has either not been exposed to or to perhaps look at in a different light [Who Speaks for the President?](#) W. Dale Nelson, 2000-05-01 When President Warren G Harding fell ill in 1923 Steve Early a reporter for the Associated Press became skeptical of the innocuous bulletins being issued by the White House He remained at the hotel where the president was staying and when Florence Harding

called out for a doctor Early scrambled down a fire escape to file the story His Associated Press report was six minutes ahead of others with the news of Harding s death A decade later when Franklin D Roosevelt entered the White House Steve Early became the first person to hold the title of presidential press secretary Mike McCurry Jody Powell and Marlin Fitzwater have all become familiar names But how has the role of the White House press secretary changed over the years We see these spokespeople at White House briefings hear them quoted by reporters but what do they really do Whom do they really serve the president or the press In his latest book former Associated Press journalist and White House reporter W Dale Nelson provides an insightful look at what has gone on behind the scenes of the White House press podium from the 1890s to the Clinton administration Nelson draws on interviews with former press secretaries press office records and his own experience as a White House reporter to trace the history of the position from its early informal days to its present seminal role in the Clinton administration

U.S. Presidents and Latin American Interventions Michael Grow,2008-06-10 Lyndon Johnson invaded the Dominican Republic Richard Nixon sponsored a coup attempt in Chile Ronald Reagan waged covert warfare in Nicaragua Nearly a dozen times during the Cold War American presidents turned their attention from standoffs with the Soviet Union to intervene in Latin American affairs In each instance it was declared that the security of the United States was at stake but as Michael Grow demonstrates these actions had more to do with flexing presidential muscle than responding to imminent danger From Eisenhower s toppling of Arbenz in Guatemala in 1954 to Bush s overthrow of Noriega in Panama in 1989 Grow casts a close eye on eight major cases of U S intervention in the Western Hemisphere offering fresh interpretations of why they occurred and what they signified The case studies also include the Bay of Pigs fiasco Reagan s invasion of Grenada in 1983 and JFK s little known 1963 intervention against the government of Cheddi Jagan in British Guiana Grow argues that it was not threats to U S national security or endangered economic interests that were decisive in prompting presidents to launch these interventions Rather each intervention was part of a symbolic geopolitical chess match in which the White House sought to project an image of overpowering strength to audiences at home and abroad in order to preserve both national and presidential credibility As Grow also reveals that impulse was routinely reinforced by local Latin American elites such as Chilean businessmen or opposition Panamanian politicians who actively promoted intervention in their own self interest LBJ s loud lament What can we do in Vietnam if we can t clean up the Dominican Republic reflected just how preoccupied our presidents were with proving that the U S was no paper tiger and that they themselves were fearless and forceful leaders Meticulously argued and provocative Grow s bold reinterpretation of Cold War history shows that this special preoccupation with credibility was at the very core of our presidents approach to foreign relations especially those involving our Latin American neighbors

Intellectuals and the American Presidency Tevi Troy,2002 This book examines the contact relationships between U S presidents and America s intellectuals since 1960

The No-Fly Zone in US Foreign Policy Gustav Meibauer,2025-09-12 The no fly zone is a frequently used instrument in the US foreign policy arsenal

despite detrimental or even catastrophic results This book examines why the instrument has such a hold on leaders imaginations and rhetoric despite its patchy record in practice Examining detailed historical case studies from conflicts in Iraq Bosnia Kosovo South Sudan Darfur Libya and Syria the book shows how debates about and actual use of no fly zones in US foreign policy have not been primarily about managing conflict or protecting civilians Instead the focus is often on navigating contradictory international and domestic political incentives and constraints leading to US intervention in an ill considered and incremental manner

Single Stage to Orbit Andrew J. Butrica, 2004-12-01 Winner of the Michael C Robinson Prize for Historical Analysis given by the National Council on Public History While the glories and tragedies of the space shuttle make headlines and move the nation the story of the shuttle forms an inseparable part of a lesser known but no less important drama the search for a reusable single stage to orbit rocket Here an award winning student of space science Andrew J Butrica examines the long and tangled history of this ambitious concept from its first glimmerings in the 1920s when technicians dismissed it as unfeasible to its highly expensive heyday in the midst of the Cold War when conservative backed government programs struggled to produce an operational flight vehicle Butrica finds a blending of far sighted engineering and heavy handed politics To the first and oldest idea that of the reusable rocket powered single stage to orbit vehicle planners who belonged to what President Eisenhower referred to as the military industrial complex added experimental X aircraft like capabilities and eventually a faster cheaper smaller managerial approach Single Stage to Orbit traces the interplay of technology corporate interest and politics a combination that well served the conservative space agenda and ultimately triumphed not in the realization of inexpensive reliable space transport but in a vision of space militarization and commercialization that would appear settled United States policy in the early twenty first century

Historical Dictionary of the U.S. Presidency Richard S. Conley, 2015-12-14 This book covers the development of the presidential office within the context of constitutional interpretations of presidential power and socio political and economic developments as well as foreign affairs events from 1789 2015 It provides details on the men who have held the office and biographies of vice presidents unsuccessful candidates for the office and noteworthy Supreme Court and other appointees The Historical Dictionary of the U S Presidency contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 300 cross referenced entries on the development of the institution of the presidency and details the personalities domestic and foreign policy governing contexts elections party dynamics and significant events that have shaped the office from the Founding to the present day This book is an excellent resource for students researchers and anyone wanting to know more about the U S Presidency

Lawyers, Lawsuits, and Legal Rights Thomas F. Burke, 2002-10-29 Burke drills deep into America s unique culture of litigation and is rewarded with a powerful insight it is not the public or even lawyers that are so darn litigious but American law itself This meticulous dispassionate book stands not only to advance the debate but I hope to reshape it Jonathan Rauch author of *Government s End* Why Washington

Stopped Working Lawyers Lawsuits and Legal Rights is a fascinating study of the American penchant for public policies that rely on lawsuits to get things done Burke s analysis is insightful and original This book compellingly shows that litigious policies have deep roots in our Constitution culture and politics Charles Epp author of The Rights Revolution Lawyers Activists and Supreme Courts in Comparative Perspective Burke s authoritative book demonstrates that the highly litigious American system is not an isolated anomaly but in fact fits in with deeply rooted elements of American political culture Where citizens of other countries rely on expert or bureaucratic judgment to resolve disputes Americans turn to the courts Equally novel and compelling Lawyers Lawsuits and Legal Rights marshals an impressive set of evidence and delivers a refreshingly well written look at the state of American litigation Frank R Baumgartner co author of Agendas and Instability in American Politics *Clinton's Elections* Michael Nelson,2020-02-21 In the presidential elections of 1980 1984 and 1988 the three Democratic nominees won an average of about 10 percent of the Electoral College vote a smaller share than any party in any three consecutive presidential elections in US history In the next seven elections Democrats won the popular vote in all but one 2004 a feat not achieved by a political party since the Democratic Party s inception in the 1820s What separated these record setting runs was the election and presidency of Bill Clinton whose pivotal role in ushering in a new era of American politics for better and for worse this book explores Perhaps because Clinton s presidency was hobbled by six years of divided government ended in a sex scandal and impeachment and was sandwiched between Republican administrations it is easy to forget that he revived a presidential party that had become nearly moribund In Clinton s Elections Michael Nelson describes how by tacking relentlessly to the center Clinton revived the Democrats presidential fortunes but also paradoxically effectively erased the center in the process introducing the new political reality of extreme partisan divisiveness and dysfunctional government Tracing Clinton s place in American politics from his emergence as a potential nominee in 1988 to his role in political campaigns right up to 2016 Nelson draws a deft portrait of a savvy politician operating in the midst of divided government and making strategic moves to consolidate power and secure future victories With its absorbing narrative and incisive analysis his book makes sense of a watershed in the modern American political landscape and lays bare the roots of our current era of political dysfunction

Decoding **Standing Firm A Vice Presidential Memoir**: Revealing the Captivating Potential of Verbal Expression

In an era characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its power to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring.
