

Stanzas In Meditation: Stanza I

*I caught a bird which made a ball
And they thought better of it.
But it is all of which they taught
That they were in a hurry yet
In a kind of a way they meant it best
That they should change in and on account
But they must not stare when they manage
Whatever they are occasionally liable to do
It is often easy to pursue them once in a while
And in a way there is no repose
They like it as well as they ever did
But it is very often just by the time
That they are able to separate
In which case in effect they could
Not only be very often present perfectly
In each way whichever they chose.
All of this never matters in authority
But this which they need as they are alike
Or in an especial case they will fulfill
Not only what they have at their instigation
Made for it as a decision in its entirety
Made that they minded as well as blinded
Lengthened for them welcome in repose
But which they open as a chance
But made it be perfectly their allowance
All which they antagonise as once for all
Kindly have it joined as they mind*

Gertrude Stein Michael J. Hoffman, 19?? Gertrude Stein in Europe Sarah Posman, Laura Luise Schultz, 2015-10-22

Although often hailed as a quintessentially American writer the modernist poet novelist and playwright Gertrude Stein 1874 1946 spent most of her life in France With chapters written by leading international scholars Gertrude Stein in Europe is the first sustained exploration of the European artistic and intellectual networks in which Stein's work was first developed and circulated Along the way the book investigates the European contexts of Stein's writing how her own work intersected with European thought including phenomenology and the vitalist work of Henri Bergson and ultimately how it was received by scholars and artists across the continent Gertrude Stein in Europe opens up new perspectives on Stein as a writer and on the centrality of artistic and intellectual networks to European modernism **The Films of Stan Brakhage in the American Tradition of Ezra Pound, Gertrude Stein and Charles Olson** R. Bruce Elder, 2011-08-26 Since the late 1950s Stan

Brakhage has been in the forefront of independent filmmaking His body of work some seventy hours is one of the largest of any filmmaker in the history of cinema and one of the most diverse Probably the most widely quoted experimental filmmaker in history his films typify the independent cinema Until now despite well deserved acclaim there has been no comprehensive study of Brakhage's oeuvre The Films of Stan Brakhage in the American Tradition fills this void R Bruce Elder delineates the aesthetic parallels between Brakhage's films and a broad spectrum of American art from the 1920s through the 1960s This book is certain to stir the passions of those interested in artistic critique and interpretation in its broadest terms The

Letters of Gertrude Stein and Thornton Wilder Gertrude Stein, Thornton Wilder, 1996-01-01 Letters trace the friendship between Stein and Wilder from late 1934 until Stein's death in 1946 **Infrathin** Marjorie Perloff, 2021-09-03 Esteemed literary critic Marjorie Perloff reconsiders the nature of the poetic examining its visual grammatical and sound components The infrathin was Marcel Duchamp's playful name for the most minute shade of difference that between the report of a gunshot and the appearance of the bullet hole or between two objects in a series made from the same mold Eat is not the same thing as ate The poetic Marjorie Perloff suggests can best be understood as the language of infrathin For in poetry

whether in verse or prose words and phrases that are seemingly unrelated in ordinary discourse are realigned by means of sound visual layout etymology grammar and construction so as to make it new In her revisionist micropoetics Perloff draws primarily on major modernist poets from Stein and Yeats to Beckett suggesting that the usual emphasis on what this or that poem is about does not do justice to its infrathin possibilities From Goethe's eight line Wanderer's Night Song to Eliot's Four Quartets to the minimalist lyric of Rae Armantrout Infrathin is designed to challenge our current habits of reading and to answer the central question what is it that makes poetry poetry

Primary Stein Janet Boyd, Sharon J. Kirsch, 2014-10-16

Recent scholarly trends and controversies in Gertrude Stein scholarship have focused on her politics and her friendships as well as on Stein the collector the celebrity the visual icon Clearly these recent examinations not only deepen our understanding of Stein but also attest to her staying power Yet Stein's writing itself too often remains secondary The central premise of Primary Stein is that an extraordinary amount of textual scholarship remains to be done on Stein's work whether the well known the little known or yet unpublished The essays in Primary Stein draw on recent interdisciplinary examinations using cultural and historical contexts to enrich and complicate how we might read understand and teach Stein's writing Following Stein's own efforts throughout her lifetime to shift the focus from her personality to her writing these innovative essays turn the lens back to a wide range of her texts including novels plays lectures and poetry Each essay takes Stein's primary works as its core interpretive focus returning scholarly conversations to the challenges and pleasures of working with Stein's texts
