MOON AND STAR LOVER HEMANT BANSAL, 2022-02-15 I will love the light for it shows me the way yet I will endure the darkness because it shows me the stars Og Mandino **Star Lovers** Richard Craze, 2002-07 Each star sign has a different approach to sex and once we have discovered what each sign likes our skills as a lover can be enhanced Using an interactive flip format this book shows how each of the 12 signs is cross referenced to the other 12 so that you can see how you will get on in love and in bed with your partner or intended partner *Screen Love* Tom Roach, 2021-02-01 In work play education and even healthcare we are using social media during COVID 19 to approximate normal life before the pandemic In *Screen Love* Tom Roach urges us to do the opposite Rather than highlight the ways that social media might help reproduce the pre pandemic status quo Roach explores how Grindr and other dating hookup apps can help us envision a radically new normal specifically antinormative conceptions of selfhood and community Although these media are steeped in neoliberal relational and communicative norms they offer opportunities to reconceive subjectivity and ethics in ways that defy normative psychological and sexual paradigms In the virtual cruise Roach argues we might experience a queer sociability in which participants are formally interchangeable avatar objects On Grindr and other m4m platforms a model of selfhood championed in liberal humanist traditions an intelligent altruistic eloquent and emotionally expressive self is often a liability By teasing out the queer ethical and political potential of an antisocial virtual fungibility Roach compels readers to think twice about media typically dismissed as sordid superficial and narcissistic Written for students professors and nonacademics alike *Screen Love* is an accessible provocative and at times subversively funny read **Star Lore** William Tyler Olcott, 2012-05-11 Captivating retellings of the origins and histories of ancient star groups include Pegasus Ursa Major Pleiades signs of the zodiac and other constellations *Classic Sky Telescope* 58 illustrations **Star Lore of All Ages** William Tyler Olcott, 1911 *Star Lore* recounts the origins and histories of star groups as well as the stories of individual constellations Pegasus the winged horse Ursa Major the Greater Bear the seven daughters of Atlas known as the Pleiades the hunter Orion accompanied by his faithful dogs Canis Major and Canis Minor the signs of the Zodiac and minor constellations such as the ship Argo the Giraffe and the Unicorn Fifty eight black and white images include photographs of the actual stars as well as scenes from their related myths portrayed by Michelangelo Rubens Veronese and other artists This edition features a new introduction by astronomer Fred Schaaf in addition to an extensive appendix and index **The Way of Muri** Ilya Boyashov, 2012-07-12 A light comical exploration of the significance of wandering and wanderers to the human condition the wanderer here being the cat Muri displaced by war in 1992 from his village near Sarajevo On his journey from his war torn village Muri the cat travels through Yugoslavia Austria Germany Lithuania Finland and Sweden meeting on the way an unlikely but helpful group of creatures from a sperm whale to a paraplegic mountaineer and a wandering Jew This is no children s book but a witty exploration of the human condition through the people and objects Muri meets on his travels

Somewhere in the mix Boyashov introduces us to two eminent professors one from Cambridge one from Geneva who take opposite views on the question of whether man is in a perpetual and aimless state of wandering or must always have a goal in mind Like Sophie s World this book is intended to be read on two levels as a narrated story of real fictional characters and as an allegory

Love and its Critics Michael Bryson,Arpi Movsesian,2017-07-10 This book is a history of love and the challenge love offers to the laws and customs of its times and places as told through poetry from the Song of Songs to John Milton s Paradise Lost It is also an account of the critical reception afforded to such literature and the ways in which criticism has attempted to stifle this challenge Bryson and Movsesian argue that the poetry they explore celebrates and reinvents the love the troubadour poets of the eleventh and twelfth centuries called fin amor love as an end in itself mutual and freely chosen even in the face of social religious or

political retribution Neither eros nor agape neither exclusively of the body nor solely of the spirit this love is a middle path Alongside this tradition has grown a critical movement that employs a hermeneutics of suspicion in Paul Ricoeur's phrase to claim that passionate love poetry is not what it seems and should be properly understood as worship of God subordination to Empire or an entanglement with the structures of language itself in short the very things it resists The book engages with some of the seminal literature of the Western canon including the Bible the poetry of Ovid and works by English authors such as William Shakespeare and John Donne and with criticism that stretches from the earliest readings of the Song of Songs to contemporary academic literature Lively and enjoyable in its style it attempts to restore a sense of pleasure to the reading of poetry and to puncture critical insistence that literature must be outwitted It will be of value to professional graduate and advanced undergraduate scholars of literature and to the educated general reader interested in treatments of love in poetry throughout history
