Star Trek The Motion Picture The Uss Enterprise Punch Out:

Star Trek, the Motion Picture Tor Lokvig,1979 *The First Star Trek Movie* Sherilyn Connelly,2019-10-11 The story of Star Trek's resurrection between the 1969 cancellation of the original series and the 1979 release of Robert Wise's *Star Trek The Motion Picture* has become legend and like so many other legends it tends to get printed instead of the facts Drawing on hundreds of contemporary news articles and primary sources not seen in decades this book tells the true story of the first successful Star Trek revival After several attempts to relaunch the franchise ST TMP was released on a wave of prestige promotion hype and public frenzy unheard of for a film based on a television show Controversy surrounded its troubled production and 44M budget earning it a reputation at the time as the most expensive movie ever made After a black tie premiere in Washington D C its opening in 856 North American theaters broke multiple box office records a harbinger of the modern blockbuster era Despite immediate financial success the film was panned by both critics and the public leaving this enterprise nowhere to boldly go but down

Why TV is Not Our Fault Eileen R. Meehan,2005 For more than five decades we've been told by pundits commentators advertisers scholars and politicians that television is both a window on the world and a mirror reflecting our culture We've been led to believe that it shows us the world's events through news programs and through entertainment programs reflects the preferences values beliefs and understandings shared by most Americans We're told that if you don't like what you see on TV don't blame the industry blame yourself This book dispels the myth that the television industry is just giving viewers the programming they want to see and thus we as viewers are responsible for the existence of shows like *Fear Factor* and yet another *Survivor* In fact Eileen Meehan explains viewers exert no demand in the market for ratings advertising slots program production or telecasting She also counters the idea that TV programs reflect our culture directly Introducing us to the political economy of television Meehan covers programming corporate strategies advertising the misnomer of competition among networks and organizations that seek more industry accountability She tells us why TV isn't our fault and who's really to blame
