Starman Jones Robert A. Heinlein, 2011-10-01 The stars were closed to Max Jones. To get into space you either needed connections, a membership in the arcane Guild, or a whole lot more money than Max, the son of a widowed poor mother, was ever going to have. What Max does have going for him are his uncle's prized astrogation manuals, books on star navigation that Max literally commits to memory word for word, equation for equation. When Max's mother decides to remarry a bullying oaf, Max takes to the road only to discover that his Uncle Chet's manuals and Max's near complete memorization of them is a ticket to the stars. But serving on a spaceship is no easy task. Duty is everything and a mistake can mean you and all aboard are lost forever. Max loves every minute of his new life and he steadily grows in the trust of his superior officers and seems to be on course for a command track position. But then disaster strikes and it's going to take every trick Max ever learned from his tough life and his uncle's manuals to save himself and the ship from a doom beyond extinction itself.
