Star Trek Deep Space Nine Avatar One:

Avatar Book One S.D. Perry, 2012-10-02 Star Trek's grittiest and most challenging series may have reached its climactic conclusion on the television screen but all new adventures on the frontiers of Federation space continue between the covers of Pocket Books. In the aftermath of the Dominion War that brought the Star Trek universe to the brink of ruin, space station Deep Space Nine, the galaxy's nexus of military and scientific intrigue situated as it is on the wormhole that links two quadrants, once again becomes a flashpoint of impending Armageddon when a surprise attack cripples the station, killing the First Officer and threatening the fragile peace. Colonel Kira and the surviving crew of DS9, along with four controversial new officers, are all that stand against the outbreak of a new conflict and a doom foretold by the Prophets to coincide with the birth of Captain Benjamin Sisko's child. Meanwhile, Captain Jean-Luc Picard and the crew of the USS Enterprise make a startling discovery, one that will determine the course of an entire civilization and profoundly affect the lives of the crew of Deep Space Nine.

Avatar Stephani Danelle Perry, 2001 **Star Trek: Deep Space Nine: Fearful Symmetry** Olivia Woods, 2008-07-24 In our universe, a Cardassian sleeper agent, Iliana Ghemor, was once surgically altered to resemble and replace resistance fighter Kira Nerys, future Starfleet captain and hero of the planet Bajor's liberation. That plan never reached fruition, and the fate of the agent remained unknown until now. Robbed of the past sixteen years, Iliana Ghemor is back with a vengeance. Over a decade and a half of imprisonment and abuse by her former masters has brought her to the brink of madness, sustained only by the twisted belief that she is, in fact, the real Kira Nerys. She has already made one near-successful attempt on the real Kira's life but instead of assuming the identity of the woman she was intended to replace, Ghemor has set her sights on the most unexpected target of all: Kira's other double, the malicious Intendant Bajor's iron-fisted ruler in the alternate reality commonly known as the Mirror Universe. But far more is unfolding in the Mirror Universe than Ghemor realizes, and the heroes of Deep Space Nine somehow must stop the false Kira without derailing the delicate flow of history that must unfold if both universes and countless others are to survive. Parallel stories set in both universes reflect and build upon each other in this Two in One Flip Book, the continuation of both the ongoing DS9 saga as well as the Mirror Universe line of books.

Avatar, Bk. 1 of 2 Stephani Danelle Perry, 2001 Star Trek: Deep Space Nine: The Soul Key Olivia Woods, 2009-07-28 Continuing the events from *Star Trek: Fearful Symmetry*, a new novel in the ongoing Star Trek Deep Space Nine series set after the end of the critically acclaimed television show, Captain Kira's lookalike, Iliana Ghemor, dreams of fulfilling a prophecy that will mark her as the one true Emissary of the mirror universe, a messianic figure who will lead her followers into a war that could trigger the cleansing of countless alternate Kiras in countless parallel realities. But the stakes are higher than anyone imagines for the pull of destiny tugs at other souls who are swept into the vortex of the Prophets, remote and timeless beings who have set these events in motion. Yet the outcome of this struggle for the fate of one universe will ripple across many others, giving shape to a future that will prove to be the greatest trial yet for the heroes of station Deep

Late Star Trek Adam Kotsko, 2025-03-25 How Star Trek's twenty first century reinventions illuminate the unique challenges and opportunities of franchise style

corporate storytelling Late Star Trek explores the beloved science fiction franchise's repeated attempts to reinvent itself after the end of its 1990s golden age Beginning with the prequel series Enterprise Adam Kotsko analyzes the wealth of content set within Star Trek's sprawling continuity including authorized books the three Kelvin Timeline films and the streaming series Discovery Picard Lower Decks Prodigy and Strange New Worlds along with fan discourse to reflect on the perils and promise of the franchise as a unique form of storytelling Significantly including the licensed novels and comic books that fill out the Star Trek universe for its fans Kotsko brings the multiple productions of the early twenty first century together as a unified whole rather than analyzing them in their current stratified view He argues that the variety of styles and approaches in this tumultuous era of Star Trek history provides the perfect opportunity to reflect on the nature of the franchise storyworlds that now dominate popular culture By taking the spin offs and tie ins seriously as creative attempts to tell a new story within an established universe Late Star Trek highlights creative triumphs as well as the tendency for franchise faithfulness to get in the way of creating engaging characters and ideas Arguing forcefully against the prevailing consensus that franchises are a sign of cultural decay Kotsko contends that the Star Trek universe exemplifies an approach to storytelling that has been perennial across cultures Instead he finds that what limits creativity within franchises is not their reliance on the familiar but their status as modern myths held not as common cultural heritage but rather owned as corporate intellectual property Retail e book files for this title are screen reader friendly with images accompanied by short alt text and or extended descriptions
