

THE FIRST ORDER'S counterparts know no land except their fellow soldiers, and have trained from childhood with a variety of weapons, practicing combat tactics until they can execute any military movement with unflinching precision. The first Order's combat tactics can deliver two full squads of troops to the battlefield for ground operations. These mobile vehicles carry troops from side and forward lanes to drop zones, then return when combat is complete to pick up the survivors. For defense, combat tactics rely on their strength, heavy armor, and a deadly heavy weapons arsenal stored aboard.

For China, however, such a policy would be counterproductive, because it would encourage the government to continue to subsidize the private sector, which would be a waste of resources. The government should instead focus on improving the quality of the private sector, which would be a more effective way to promote growth.
