R. C. Sproul, 2012-09-01 Dr R C Sproul is one of the most vital and renowned theologians of our time For over 40 years Dr Sproul has encouraged educated and enlightened millions through his books teaching and ministry How can imperfect people hope to please a perfect God The answer is both simple and challenging sanctification Pleasing God takes an in depth look at sanctification and its essential role in the life of every believer Filled with Biblical insights this release guides both new and seasoned Christians through God's path for transforming His people Shakespeare's Hamlet and Lawrence Agonistes

Barry J. Scherr, 2018-07-27 This book is the first to examine the influence of Shakespeare particularly Hamlet on D H Lawrence Using the Bloomian theory of the anxiety of influence to probe the startling depths of Lawrence's agon with his towering precursor Shakespeare it closely examines Lawrence's crypto Jewish identity as well as that of many of his highly individual characters who embody the characteristics of Old Testament figures and in so doing infuse a patriarchal strength and divine religious sublimity into civilized life Lawrence's claims about the self sacrificing influence of Christianity on Shakespeare's Hamlet on the other hand demonstrate how this influence carries over into the submission of the subject and the decline of Western Civilization The book extrapolates this decline into a critique of the modern day left wing ideology that appropriates the self abnegating individual to its collectivist ends In responding agonistically to Shakespeare's Hamlet Lawrence claims a far more complete vital and salubrious consciousness and a Weltanschauung that makes for greater more fulfilling life thanks to the inner strength psychic and sexual power of the Lawrentian Self Supreme The book will appeal to Lawrence and Shakespeare scholars and enthusiasts who wish to appreciate Lawrence and Shakespeare as supremely profound writers and thinkers Its unique demonstration of Bloomian literary theory makes it come poignantly alive for both graduate students and college professors **Sound Sentiments**

David Pugmire, 2005-04-21 Sound Sentiments seeks to open a new path in the philosophy of emotion The focus of most recent work on the philosophy of emotion has been on the nature of emotion with some attention also to the relation of emotion to ethics This book explores the idea that emotions admit of valuation of degrees of adequacy We cannot just decide what to think or to desire or to feel as we can decide to act and these attitudes are integral to emotions Nonetheless emotions can have normative characteristics that resemble virtues Philosophers are familiar with the notion that emotions are valuational But how well they serve that function determines the value they themselves have The book opens with an account of the theory of emotion reflecting recent work on that and

considers the way in which emotions are valuational with reference to the contributions of writers such as de Sousa Gibbard and McDowell The worth of an emotional experience depends on the quality of the valuation it itself achieves Most of the book is then devoted to a set of interconnected themes Some of these concern properties that emotions can have which can variously enhance or detract from them profundity social leverage narcissism and sentimentality Others are attitudes with characteristic emotional loadings and sometimes motivations that raise similar questions cynicism ambivalence and sophistication David Pugmire s general approach is indirect and negative to analyse emotional foibles which tend to elude us as we succumb to them and thereby to point to what soundness in emotion would be He also elicits connections amongst these aspects of the emotional life The most pervasive is the dimension of profundity which opens the discussion each of the subsequent problems amounts to a way in which emotion can be shallow and slight and so amount to less than it seems and accordingly each identifies a form of integrity in the emotions

Michael A. Milton, 2024-03-13 No one doubts we have quickly moved to what Charles Taylor called a secular age How do Christian pastors professors seminary students and others respond to the myriad issues now facing the Body of Christ Following on a biblical and reformed understanding of public theology Milton along with trusted theologians John Frame George Grant Peter Lillback and a special contribution from noted Orthodox economist and theologian John Panagiotou not only provide biblical responses to the issues of our time but in doing so give the Church a method a way to conduct faithful Gospel ministry in an increasingly hostile post Christian world A must for classes on ethics sociology of religion pastoral theology and serious minded Christians seeking insight that they might Understand of the times 1 Chr 12 32 **Spiritual**

**Sensations** Sarah K. Balstrup, 2020-09-17 The secular pluralist culture of the West encourages a subjective approach to spiritual truth where stimulating emotional experiences such as those provided by film can contribute to personal conceptions of the sacred Examining Stanley Kubrick's 2001 A Space Odyssey 1968 as the principal case study and Gaspar Noé's Enter the Void 2009 and Lars von Trier's Melancholia 2011 as comparative examples Sarah Balstrup argues that these directors harness the affective properties of film to generate altered states of perception in a manner analogous to religious practice Powerful feelings of dissociation and indescribable significance typical of mystical testimony appear in viewer responses to these films demonstrating the continued sacralisation of such states of mind In their own way each film confronts the viewer with an apocalyptic revelation of the impersonal forces of the universe moving away from personhood

and the human narrative into pure sensation They present a non deterministic spiritual truth that can be intuited but not explained mirroring developments in the religious sphere Investigating the relationship between cinematic technique and religious experience *Spiritual Sensations* offers an alternative approach to the study of religion and film that has been principally focused on narrative symbolism and the dramatisation of values *Spiritual Sensations* makes a further contribution to the field by analysing films contextually considering viewers subjective responses in light of religious and cultural change

Kelly,2023-03-01 The place of Mary in Christian theology has been a contested one ever since the Protestant Reformation of the sixteenth century and also the advent of feminist theology in the twentieth century Protestantism challenged much of the Mediaeval piety surrounding Mary in the West along with her intercessory role and that of the saints more generally Feminist thinking has questioned the portrayal of Mary as the demure and passive virgin mother a portrayal that places her beyond the ken of ordinary women In all this turmoil of questioning and dispute including effects on the ecumenical front to find common ground in the figure of Mary ARCIC Anthony Kelly has produced a very fine and moving series of reflections on the person and theological significance of Mary Writing from a Roman Catholic perspective Fr Kelly points to Mary s role in elucidating the core doctrines of the faith the Trinity the church the sacraments particularly the Eucharist and eschatology He sees Mary s role in the life of the church from beginning to end as pervasive Her presence weaves through every point in the church s existence in its origins its ongoing ministry and mission and its final goal **The Victoria System** Eric Reinhardt,2013-07-04 The Victoria System is Eric Reinhardt s acclaimed and controversial French bestseller **LONGLISTED FOR THE IMPAC DUBLIN LITERARY AWARD NOMINATED FOR THE PRIX GONCOURT THE PRIX RENAUDOT AND THE GRAND PRIX DU ROMAN DE L ACADEMIE FRANCAISE** David Kolski never sleeps with the same woman twice apart from his wife Then he meets Victoria Head of people at a multinational company by day she is a ruthless executive in a lightning paced high pressured whirlwind of power and productivity By night she likes good wine luxurious hotel rooms and abandoning herself to her sexual fantasies David is soon addicted Under crushing pressure at work to oversee the construction of a huge Paris tower block in near impossible circumstances he takes new vigour and inspiration from his hard headed capitalist lover He works harder faster and better and then escapes to indulge in the most intense sexual passion he s ever experienced But when Victoria offers to use her position to help him in his career a dark shadow falls over their affair Is she really capable of helping anyone other than herself or is she hiding something from him And who are the two men in the Audi he keeps seeing always a few cars behind him Complex compelling and ambitiously structured *The Victoria System* is a daringly sensual story of an obsession Part erotica part thriller part novel of ideas like a series of slightly angled mirrors held up to our globalised capitalist society the twists and turns of its narrative create a dazzling interplay of reflections and
