Stars Your Future:

Self Celebration Olly Sanya, 2014-09-03 Self celebration will really inspire you It will provide you with words of comfort and enable you to praise and encourage yourself It has a very positive tone and contains sound advice that will help you throughout the day It promises to bring happiness into your life Self celebration covers topics such as self belief viewing your mistakes as opportunities knowing your future is bright keeping your joy overcoming fear making use of your gifts and talents remembering that you've tried hoping more building a positive self image and viewing yourself as powerful Self celebration will help you see yourself as special it will help you feel contented regardless of your imperfections and mistakes Self celebration will really enable you to continually work towards excellence in the different areas of your life It will help you to understand timings and believe that there is still enough time left for you to achieve what you haven't yet achieved It will help you to understand that there is a time for everything Self celebration will help you build positive relationships that will pour love and happiness into your life It will help you not to focus on the unfortunate events of the past Self celebration will help you to speak and confess great and powerful words into your life that will bring the best out of you Self celebration will protect you from the imperfect and negative things people are saying to you instead you will honor yourself remain focused and keep enjoying your life

Mission of the One Star Alloya Huckfield, 2012-08-14 This book creates a unique map of consciousness for the reader and uses that map to adroitly navigate the aspects of the multi self This book is more of a process than an idea The reader is invited on a journey that begins with a concise description of the levels of consciousness in a 12 dimensional universe Any explorer of other worlds needs a guide that they can trust and rely on Such a guide is not always easy to find so Alloya presents many guides all part of the self She presents guides that range from a part of the body to a form of consciousness in the universe The book is not merely a collection of interesting opinions and strange theories of light and matter it is also a manual for elevating the consciousness out of the misery of separated 3D existence and into the bliss of the higher dimensions The idea that you create your own reality has never been so attainable
