Parochial school in the 1940s and 50s Strict discipline and rigid rules Everything was verboten from eating meat on Friday to patent leather shoes The catechism told us we were sinners Bible stories told us we would be punished Teen agers would struggle with sinful emotions and humiliating confessions Finding ways to circumvent the rules without the guilt and fear became this teen ager s obsession It was mid century America when one didn't question authority when millions proudly joined the army to fight World War II when those at home gladly sacrificed and when everything seemed black and white Coming of age during those times headed for that ultimate jarring collision with reality was a humorous in retrospect adventure that needed to be told a nostalgic romp for those who were there and a poignant revelation for those who were not

Crisis on Flight 101 S. P. Perone, 2003-11-11 Upon inadvertently discovering telepathic time travel the rogue leader of a secret society of scientists threatens to re write American history and virtually flip the world upside down with one cataclysmic stroke When Professor Tony Shane discovers that his research has been stolen to further this monstrous terrorist threat he and his young research associate Andrea Martin join a CIA mission to intervene Intervention requires Shane to link telepathically with his young father Daniel in the summer of 1939 With the world on the brink of global war Shane must guide Daniel through a bold attempt to rescue or to kill a brilliant Jewish atomic physicist in Hitler's grasp While Shane and Daniel fall under the spell of an aggressive 1939 lover with mysterious designs an alienated old flame must find a way to save the mission Much of this suspenseful venture evolves during a nostalgic overnight transatlantic flight on a Pan American flying boat with darkly mysterious forces working at cross purposes Fateful events during the 1939 flight are paralleled by political brokering in modern times climaxing with a shocking fateful confrontation between a stubborn American president and the charismatic leader of the secret society Marketing of High-technology Products and Innovations Jakki J. Mohr, Sanjit Sengupta, Stanley F. Slater, 2010 This title provides a thorugh overview of the issues high tech marketers must address and provides a balance between conceptual discussions and examples small and big business products and services and consumer and business to business marketing contexts Youthanasia S.P. Perone, 2009-11-12 In the coastal mountain area of California eighteen year old Connor Bright is enjoying his senior year at the secluded Teller Academy But that idyllic scene changes when he witnesses the grisly classroom murder of his twenty two year old history teacher Miss Diamond Its a murder that no one but Connor seems to remember Connor soon learns that he is the only witness to other events and this knowledge exposes him and his friends as expendable in some mysterious cabal But he needs to persuade his skeptical friendsBlake Sally and Aliciathat there is something sinister happening at the academy and they must escape to uncover the real reasons they have been secretly cloistered at Teller Academy Escaping the schools mind control scheme and not being able to trust their memories the teens investigate the mystery at the academy What they find is a secret group of elders that has become the ultimate Washington power broker This group hatched a diabolical plan directed at the nations youth and will overnight change the entire social and political climate of the United States The plan threatens an entire generation the

fate of millions of youth is at stake **Judgment Day** S.P. Perone, 2007-01-05 How will governmental blunders of the early twenty first century transform our lives Judgment Day extrapolates today s politics into a fictional near future world where Americans suffer the legacy of today s ill conceived policies including a lingering expanded Middle Eastern war Washington power brokers believe that Glenn Markley a wealthy but politically nave young businessman can lead the country in a new direction But the incumbent President draws on powerful allies to block this move Markley finds himself politically excised when he becomes the prime suspect in the brutal murder of his lovely young wife Pursuing a treacherous but determined quest for the real killer Markley turns up a shocking connection between his wife s death and a bizarre presidential plot to manipulate a nuclear showdown with Iran for political gain From an old girlfriend turned congresswoman with explosive inside information murder investigators with personal agendas a secret service agent who might turn against the President to the disturbing apparitions of his dead wife Markley can not always tell reality from fantasy or allies from enemies Fighting a stark deadline Markley confronts a grotesque set of conspirators from Washington to Iran and ultimately finds that only his actions can avert a nuclear strike at the heart of America Star of the Future S.P.
