Planning Your Career In A Week Wendy Hirsh, Charles Jackson, 2012-03-30 Planning your career just got easier Very few of us put much effort into planning for the kind of career we want Thinking about where we are going at work is something we all need to do throughout our working lives The nature of work and employment is always changing When economic times are difficult you need to show potential employers that you have something special to offer You may also need to be more flexible in your plans New kinds of jobs emerge all the time and many labour markets are becoming increasingly specialized This means you need to find out more about the kinds of jobs that interest you and you need to understand what employers are looking for and how people get these jobs By working through a simple series of

steps and exercises you can help yourself to be clearer about what you want what your options are and how to move forward Exercises in each chapter will help you build a collection of information and reflect on what you are learning about yourself and the process of career planning as you go along Planning Your Career In A Week looks at one step in this process of career planning on each day of the week Sunday What do you want from work Monday What kind of job would you enjoy Tuesday What are you good at Wednesday Identifying your career options Thursday Collecting information Friday Making the choice Saturday Taking the first steps

Launch Your Career in College Adele M. Scheele, 2005-10-30 Adele Scheele a widely published career strategist has created a roadmap designed to inspire students to use their time wisely to help their parents become better coaches to their children and to empower college faculty and administrators to become more active mentors Only a fraction of students actually know how to use college as a stepping stone for educational exploration and social connection Most students are keenly disappointed when the expected transformation from college to career does not automatically happen They do not know that they have to make it happen through their own engagement Packed with practical and accessible advice Scheele s approach provides critical strategies to the burgeoning number of students whether they are children of advantaged parents or children of immigrants high school students anticipating their college career or adult women re entering college after years of working or childrearing All students are seeking the American Dream hoping that the secret to success will be included with their diplomas Launch Your Career in College provides a guide to maximizing the return on their educational investment Offering practical and accessible advice for college students Launch Your Career in College offers a guide to maximizing the return on students and their parents financial and educational investments College is an experiment in hope It is an expensive investment of time often more than four years and of money anywhere from 4000 to 40 000 per year Yet the biggest investment by far is that of hope hope that by simply attending college students will be able to turn their majors into successful careers and rewarding lives Students and their parents expect that college will be the single transforming agent to make them acceptable valuable knowledgeable professional and employable Seldom is this expectation voiced but it is there deeply embedded in our views about higher education It is not just hoped for It is believed to be true This books can help students educators and parents make that hope a reality
