Inheriting the Future Elizabeth Rottenberg, 2005 This book is an exploration of the notion of drive as it passes from Kant's need of reason to Freud's concept of hallucinatory wish fulfillment to the relentless force of indifferentiation in Flaubert's Bouvard and Pécuchet

Being Singular Plural Jean-Luc Nancy, 2000 This book by one of the most innovative and challenging contemporary thinkers rethinks community and the very idea of the social Nancy's fundamental argument is that being is always being with

that I is not prior to we that existence is essentially co existence **The Instant of My Death /Demeure** Maurice Blanchot, Elizabeth Rottenberg, 2000 This volume a powerful short prose piece by Blanchot with an extended essay by Derrida records a remarkable encounter in critical and philosophical thinking *Opus Dei* Giorgio Agamben, 2013-09-18 In this follow up to *The Kingdom and the Glory* and *The Highest Poverty* Agamben investigates the roots of our moral concept of duty in the theory and practice of Christian liturgy Beginning with the New Testament and working through to late scholasticism and modern papal encyclicals Agamben traces the Church's attempts to repeat Christ's unrepeatable sacrifice Crucial here is the paradoxical figure of the priest who becomes more and more a pure instrument of God's power so that his own motives and character are entirely indifferent as long as he carries out his priestly duties In modernity Agamben argues the Christian priest has become the model ethical subject We see this above all in Kantian ethics Contrasting the Christian and modern ontology of duty with the classical ontology of being Agamben contends that Western philosophy has unfolded in the tension between the two This latest installment in the study of Western political structures begun in *Homo Sacer* is a contribution to the study of liturgy an extension of Nietzsche's genealogy of morals and a reworking of Heidegger's history of Being *Potentialities* Giorgio Agamben, 2000-01-01 This book collects fifteen major philosophical essays spanning more than twenty years by acclaimed Italian philosopher and author of *State of Exception* Giorgio Agamben is one of contemporary philosophy's most influential thinkers on the subjects of language power society This collection of essays opens with an enlightening introduction by the translator Daniel Heller Roazen who situates Agamben's work with respect to both the history of philosophy and contemporary European thought The essays that follow articulate a series of theoretical confrontations with privileged figures in the history of philosophy politics and criticism from Plato to Spinoza Aristotle to Deleuze Carl Schmitt to Benjamin Hegel to Aby Warburg and Heidegger to Derrida Three fundamental concepts organize the collection as a whole the existence of language the nature of history and the problem of potentiality in metaphysics ethics and the philosophy of language All these topics converge in the final part of the book in which Agamben offers an extensive reading of Melville's short story *Bartleby the Scrivener* as a work that puts potentiality and actuality possibility and reality in a new light *The Yield* Paul North, 2015-09-30 *The Yield* is a once in a generation reinterpretation of the oeuvre of Franz Kafka At the same time it is a powerful new entry in the debates about the supposed secularity of the modern age Kafka is one of the most admired writers of the last century but this book presents us with a Kafka few will recognize It does so through a fine grained analysis of the three hundred thoughts the writer penned near the end of World War I when he had just been diagnosed with tuberculosis Since they were discovered after Kafka's death the meaning of the so called Z'rau aphorisms has been open to debate Paul North's elucidation of what amounts to Kafka's only theoretical work shows them to contain solutions to problems Europe has faced throughout modernity Kafka offers responses to phenomena of violence discrimination political repression misunderstanding ethnic hatred fantasies of technological progress and the subjugation of

the worker among other problems Reflecting on secular modernity and the theological ideas that continue to determine it he critiques the ideas of sin suffering the messiah paradise truth the power of art good will and knowledge Kafka's controversial alternative to the bad state of affairs in his day Rather than fight it give in Developing some of Kafka's arguments The Yield describes the ways that Kafka envisions we can be good by yielding to our situation instead of striving for something better

Interpretation and Difference Alan Bass,2006 This book synthesizes Nietzsche Heidegger and Derrida on interpretation and difference in order to provide a new theory of how interpretation functions in psychoanalysis **Mediterranean**

Crossings Iain Chambers,2008-01-16 An interdisciplinary interpretation of the Mediterranean as an extraordinarily fluid heterogeneous cultural and historical formation by a leading cultural theorist **The Declared Enemy** Jean Genet,2004

This posthumous work brings together texts that bear witness to the many political causes and groups with which Genet felt an affinity including May 68 and the treatment of immigrants in France but especially the Black Panthers and the

Palestinians Genet speaks for a politics of protest with an uncompromising outrage that today might seem on the verge of being forgotten **The Spirit of Utopia** ,2000-08 I am We are That is enough Now we have to start These are the opening words of Ernst Bloch's first major work The Spirit of Utopia written mostly in 1915-16 published in its first version just after the First World War republished five years later 1923 in the version here presented for the first time in English translation The Spirit of Utopia is one of the great historic books from the beginning of the century but it is not an obsolete one In its style of thinking a peculiar amalgam of biblical Marxist and Expressionist turns in its analytical skills deeply informed by Simmel taking its information from both Hegel and Schopenhauer for the groundwork of its metaphysics of music but consistently interpreting the cultural legacy in the light of a certain Marxism Bloch's Spirit of Utopia is a unique attempt to rethink the history of Western civilizations as a process of revolutionary disruptions and to reread the artworks religions and philosophies of this tradition as incentives to continue disrupting The alliance between messianism and Marxism which was proclaimed in this book for the first time with epic breadth has met with more critique than acclaim The expressive and baroque diction of the book was considered as offensive as its stubborn disregard for the limits of disciplines Yet there is hardly a discipline that didn't adopt however unknowingly some of Bloch's insights and his provocative associations often proved more productive than the statistical account of social shifts The first part of this philosophical meditation which is also a narrative an analysis a rhapsody and a manifesto concerns a mode of self encounter that presents itself in the history of music from Mozart through Mahler as an encounter with the problem of a community to come This we problem is worked out by Bloch in terms of a philosophy of the history of music The self encounter however has to be conceived as self invention as the active affirmative fight for freedom and social justice under the sign of Marx The second part of the book is entitled Karl Marx Death and the Apocalypse I am We are That's hardly anything But enough to start **In-visibility** Anna Vind,Iben Damgaard,Kirsten Busch Nielsen,Sven Rune Havsteen,Christopher B. Brown,Günter Frank,Bruce Gordon,Barbara

Mahlmann-Bauer, Tarald Rasmussen, Violet Soen, Zsombor Tóth, Günther Wassilowsky, Siegrid Westphal, 2020-10-05 The content of the book reconsiders the relation between visibility and transcendence The focus is especially on the contribution to this issue from the theological tradition in protestant Europe between the 16th and the 21st Centuries In the book a thematically broad field is covered embracing more than five centuries and a plurality of methods drawn from theology philosophy and the history and theory of art The book is divided into five sub themes In the first and more fundamental part The phenomenology of in visibility questions underlying the other four themes are sought defined or narrowed down Here the modes of appearing revealing or hiding of phenomena are reflected In the second section of the book dealing with Language as a mode of revealing and hiding the specific role of verbal expressions understood in a very broad sense is at the core What is the fundamental understanding and use of language when speaking of the ineffable The third section about Human existence between visibility and invisibility focuses on theological anthropology its features and norms The ambiguity of anthropological categories such as faith rationality imagination memory and emotion play a prominent role in this context The fourth section concerning The manifestation of a beyond in the arts investigates transcendence in the arts What are the theological discourses behind the religious uses of the different artistic media i e images music liturgical inventory architecture Finally in the fifth section concerning Visible community and invisible transcendence one finds contributions working with the idea of vicarious representation

The Book Amaranth Borsuk, 2018-05-04 The book as object as content as idea as interface What is the book in a digital age Is it a physical object containing pages encased in covers Is it a portable device that gives us access to entire libraries The codex the book as bound paper sheets emerged around 150 CE It was preceded by clay tablets and papyrus scrolls Are those books In this volume in the MIT Press Essential Knowledge series Amaranth Borsuk considers the history of the book the future of the book and the idea of the book Tracing the interrelationship of form and content in the book s development she bridges book history book arts and electronic literature to expand our definition of an object we thought we knew intimately Contrary to the many reports of its death which has been blamed at various times on newspapers television and e readers the book is alive Despite nostalgic paeans to the codex and its printed pages Borsuk reminds us the term book commonly refers to both medium and content And the medium has proved to be malleable Rather than pinning our notion of the book to a single form Borsuk argues we should remember its long history of transformation Considering the book as object content idea and interface she shows that the physical form of the book has always been the site of experimentation and play Rather than creating a false dichotomy between print and digital media we should appreciate their continuities

Living in History Luke Roberts, 2024-05-31 Challenging received ideas about the British Poetry Revival Luke Roberts presents a new account of experimental poetry and literary activism Drawing on a wide range of contexts and traditions Living in History begins by examining the legacies of empire and exile in the work of Kamau Brathwaite J H Prynne and poets associated with the Communist Party and the African National Congress It then focuses on the work of Linton Kwesi Johnson Denise Riley Anna Mendelssohn and others in the development of liberation struggles around gender race and sexuality across the 1970s Tracking the ambivalence between poetic ambition and political commitment and how one sometimes interferes with the other Luke Roberts troubles the exclusions of British Poetry as a category and tests the claims made on behalf of avant garde and experimental poetics against the historical record Bringing together both major and neglected authorships and offering extended close readings fresh archival research and new contextual evidence Living in History is an ambitious and exciting intervention in the field
