## **The Lives Of The Great Composers Part 1 Of :**

**Lives of the Great Composers 3e** Harold C Schonberg,1997-04 Schonberg brings the reader closer to an identification with the composers he discusses and thus closer to an understanding of their music The book consequently places more emphasis on biographical details and less upon technical analysis of the music      **Modern Music and Musicians: The great composers, part 1. Critical and biographical sketches of the epoch-makers of music** ,1918      **The Life and Times of Igor Stravinsky** Jim Whiting,2019-12-05 Stravinsky was a prolific composer for well over half a century achieving success in a variety of musical styles An exile from his native Russia for 48 years he finally returned in 1962 to a great deal of acclaim Many people consider him one of the greatest composers of the 20th century with such great compositions as The Rite of Spring The Firebird and Petrushka which remain his most popular pieces      **Brass Bands of the British Isles 1800-2018 - a historical directory** Gavin Holman, Of the many brass bands that have flourished in Britain and Ireland over the last 200 years very few have documented records covering their history This directory is an attempt to collect together information about such bands and make it available to all Over 19 600 bands are recorded here with some 10 600 additional cross references for alternative or previous names This volume supersedes the earlier British Brass Bands a Historical Directory 2016 and includes some 1 400 bands from the island of Ireland A separate work is in preparation covering brass bands beyond the British Isles A separate appendix lists the brass bands in each county      **The Supervisors Service Bulletin** ,1924      *The Life and Times of Frederic Chopin* Jim Whiting,2005-03 From an early age Frederic Chopin displayed natural musical ability Often compared to Mozart Chopin was invited to play for members of the aristocracy in small private concerts But unlike Mozart his parents did not take advantage of his childhood talent Frederic Chopin left his Polish homeland behind when he was only 20 and lived most of his life in Paris France the cultural hub of Europe His genius as a pianist and composer flowered there with the encouragement and support of the female novelist George Sand He wrote more than 200 works for piano during the course of his life which was cut short by tuberculosis at the age of 39 Symbolically his heart was taken from his body and returned to his beloved Poland where he remains a national hero      **The Life and Times of Antonio Lucio Vivaldi** Jim Whiting,2019-12-05 Ordained as a priest Antonio Lucio Vivaldi became one of Europe s most popular composers during the early part of the eighteenth century He wrote hundreds of concertos dozens of operas and many sacred works before his music fell out of fashion during the latter part of his life He died in obscurity and his work suffered a similar fate for almost two centuries His music was rescued from oblivion in the 1930s His most famous work The Four Seasons has since become one of the best selling classical compositions of all time      **The Life and Times of Richard Wagner** Jim Whiting,2019-12-05 Nineteenth century German composer Richard Wagner s Ring of the Nibelung consists of four separate operas Also known as the Ring Cycle it was the crowning point of Wagner s career Wagner was somewhat of a late bloomer in music His first major composition was performed when he was nearly 30 and the Ring Cycle premiered when

he was 53 While Wagner was among the world's greatest composers he was not a particularly good person He didn't repay borrowed money he bore grudges against people who had done favors for him and he was unfaithful to his first wife However he remains fascinating and controversial today

**The Practice of Narrative: Storytelling in a Global Context**

Michael Heitkemper-Yates, 2019-01-04 This volume was first published by Inter Disciplinary Press in 2016 Story can have a power and presence that stretches beyond the vast unspeakable boundaries of time and space and yet story can also have a delicate impermanence that lasts no longer than a moment before it flashes back into the void Some stories can bring people together other stories can tear entire civilisations apart Stories express and enliven experience stories project and describe the desires and anxieties of existence Stories can be narrated through written word and physical gesture through graphic illustration and musical orchestration through the spatial dynamics of architecture and the abstract poetics of conjecture For these and myriad other reasons storytelling and narrative are central to humanity and the study of these practices is central to an understanding of what it means to be human In this volume the many narrative dimensions media and critical approaches to storytelling are explored with the common intention of comprehending and appreciating the global role that story plays in the articulation of human experience
