The Longing To Be Free:

The Will to Be Free Valentin Wember, 1999 Rather than trying to prove that we are free Wember describes a path that enables us to become free This freedom which is unrelated to political or other forms of outer freedom depends on the individual's inner activity We cannot become free he states unless we enliven our volitional forces The author brings his ideas alive by relating them to practical everyday situations He offers real assistance to anyone who is searching for the next step in personal development It is ideal for young people for whom it is primarily written and provides useful stimulation for those interested in philosophical and life questions Free Will, Moral Responsibility, and the Desire to Be a God Bruce N. Waller, 2020-09-04 Free Will Moral Responsibility and the Desire to be a God explores the hidden corridors of the moral responsibility system to discover why that system is so widely accepted and passionately defended The moral responsibility system has obvious charms it provides justification for our powerful strike back motives transforms selfishness into the virtuous defense of our justly deserved special benefits draws a radical distinction between humans and the other species we exploit and protects our nonconscious belief in a just world Those charms notwithstanding the resilience and endurance of the moral responsibility system indicates a hidden force that not only binds together the pieces of the system but also motivates our stubborn devotion to that system That hidden force is a nonconscious desire to be a god a desire that afflicts both believers and atheists and that is almost universally denied Nietzsche being a special exception That desire can be found throughout the history of philosophy from Aristotle to the present It is also manifested in myths and a variety of religious practices and teachings The breadth power and harm of nonconscious apotheosis aspiration is the focus of this study The Man Who Wanted to be Free: The Untold Story Pasquale De Marco, 2025-08-13 In the annals of American history few figures loom as large as Frederick Douglass a man who rose from the depths of slavery to become one of the most influential voices for freedom and equality His remarkable journey is chronicled in this captivating book which delves into the life and legacy of this extraordinary individual Born into bondage in Maryland in 1818 Douglass endured the horrors of slavery firsthand He witnessed the brutality of the slave system the dehumanization of his people and the crushing weight of oppression Despite these hardships Douglass refused to surrender his spirit He taught himself to read and write unlocking the power of knowledge and igniting a passion for freedom within him In 1845 Douglass escaped the chains of slavery and embarked on a remarkable odyssey that would change the course of his life and the nation He became a prominent abolitionist traveling throughout the North delivering powerful speeches that exposed the evils of slavery and calling for its immediate end His eloquence and charisma captivated audiences and his words resonated with people from all walks of life Douglass's unwavering dedication to the cause of freedom extended beyond his speeches He founded and edited The North Star an influential antislavery newspaper that provided a platform for Black voices and challenged the prevailing narratives of the time Through his writings Douglass articulated the experiences and aspirations of the enslaved shedding light on the

injustices they faced and demanding their liberation As the Civil War loomed on the horizon Douglass emerged as a staunch advocate for the Union and the enlistment of Black soldiers He recognized the war as an opportunity to strike a blow against slavery and secure the freedom of his people His efforts were instrumental in persuading President Abraham Lincoln to issue the Emancipation Proclamation a pivotal moment in the fight for racial equality After the war Douglass continued to champion the cause of civil rights and equality He served as a diplomat a public speaker and a leader in the women s suffrage movement He witnessed the passage of the Thirteenth Fourteenth and Fifteenth Amendments to the Constitution which abolished slavery granted citizenship to African Americans and extended voting rights to Black men Frederick Douglass s legacy is one of resilience courage and unwavering commitment to justice His words and actions continue to inspire and challenge us to confront the injustices of our own time He reminds us that the fight for freedom and equality is a continuous struggle one that requires the dedication and determination of every generation If you like this book write a review

The Truth Is H. W. L. Poonja,2000-02-01 A collection of spontaneous satsangs or truths spoken from Sri H W L Poonja s experience of the highest and yet simplest truth that we are pure love and consciousness the totality of existence Reveals thousands of ways to help us inquire into who we really are to bring our awareness into the infinity of the moment and surrender to the wisdom of our Truth The Free Church Today: New Life for the Whole Church Arthur A.

Rouner,2017-10-06 This important contribution to American ecumenism is an impassioned plea for an encounter between the mainline denominational churches and the vital new third force of the evangelical and free churches It strives to bridge the gulf between the most uncritical supporters of organic church union and those most suspicious of its organizational purpose and theology It suggests that the common elements of the New Testament church life in all local churches provide a basis for understandings out of which a new spirit and a broad new alignment can evolve It urges the mainline groups to achieve an understanding with these free churches whose doctrine of authority posits a direct personal rule of Christ over each local gathered congregation without the mediation of bishops priests synods or councils in seeking a new basis for achieving the reality of the great church coming which is the ecumenical hope The author s conviction is that the future of the church in America and of any vital ecumenical witness rests with these left out churches and their creative rapprochement with other life of all churches together in an exciting and meaningful mission in which American churches of all traditions can share completely yet without compromise **Methodist Free Church Hymns** United Methodist Free Churches,1889 **The Free Church Pulpit** Free Church Pulpit,1845 **The University Magazine and Free Review** John Mackinnon

Robertson,G. Astor Singer,1896 *The Bad Faith in the Free Market* Peter Bloom,2018-04-10 Innovatively combining existentialist philosophy with cutting edge post structuralist and psychoanalytic perspectives this book boldly reconsiders market freedom Bloom argues that present day capitalism has robbed us of our individual and collective ability to imagine and implement alternative and more progressive economic and social systems it has deprived us of our radical freedom to

choose how we live and what we can become Since the Great Recession capitalism has been increasingly blamed for rising inequality and feelings of mass social and political alienation In place of a deeper liberty the free market offers subjects the opportunity to continually reinvest their personal and shared hopes within its dogmatic ideology and policies This embrace helps to temporarily alleviate growing feelings of anxiety and insecurity at the expense of our fundamental human agency What has become abundantly clear is that the free market is anything but free Here Bloom exposes our present day bad faith in the free market and how we can break free from it The Golden Atlantean Book of Healing Juliet Clare

Pankhurst,2007-05-03 Why do we become ill depressed or stressed and how can we heal illnesses which the doctors seem unable to cure Many are searching for something not knowing what because our lives feel empty and meaningless resulting in many using drugs or alcohol as a temporary relief from this feeling a means of escape This book helps us to read the sign posts that should not be switched off by pain killers anti depressants or drugs but which can be used to guide us to the root cause of physical mental or emotional illnesses to listen to our bodies to understand the underlying cause of their problems and provides the solutions to really turn our lives around It uses psychology meditation visualisation and prayer enabling the harnessing of healing powers to remove the blockages preventing complete abundance in every area of our lives This book provides the tools to find self love personal growth happiness success physical health and emotional healing and can be used to remove negative karma whether in this life or previous lives entrenched habits negative characteristics or anxieties It shows how to use ancient symbols such as those in Egypt sacred geometry the sacred names of the Angels and God and the teachings of the great Atlantean Thoth It enables enlightenment and the reaching of heaven on earth by using the gifted Ancient Knowledge regardless of denomination faith belief colour or creed Documented case studies show the reduction of symptoms in Multiple Sclerosis and Chronic Fatigue Syndrome and how these techniques reduced these symptoms The act of reading this book enables healing to start True peace and happiness can be found in the pages of this book
