The Lost Italian Renaissance Christopher S. Celenza, 2004 **The Italian Renaissance in the German Historical Imagination** Martin A. Ruehl, 2015-10-15 Explores German engagement with the Italian Renaissance in the decades from German unification to the Weimar republic *Early Modern Europe* Brian Jeffrey Maxson, 2023-06-15 Through the exploration of nine common myths about the history and culture of early modern Europe roughly 1350 1700 this book uses common assumptions to introduce newcomers to the period and its key figures developments and events Many myths about early modern Europe originated in the 19th and 20th centuries and continue to appear today across popular media In recent years such popular documentaries and television shows as Game of Thrones have tended to reinforce what we think we know about the world during the early modern period Early modern Europe birthed the modern world just not in the way we think it did This installment in the Facts and Fictions series utilizes primary sources to interrogate popular beliefs about early modern Europe and reveal the true story behind such movements and events as the Scientific Revolution the Crusades and the European witch hunts Focusing on how perceptions of these events have shifted and evolved through history this book is an excellent resource for students of this period as well as general readers interested in understanding what really happened during this time Francesco Robortello (1516-1567) Marco Sgarbi, 2019-08-21 This book explores the intellectual world of Francesco Robortello one of the most prominent scholars of the Italian Renaissance From poetics to rhetoric philology to history topics to ethics Robortello revolutionised the field of humanities through innovative interpretations of ancient texts and with a genius that was architectural in scope He was highly esteemed by his contemporaries for his acute wit but also envied and disparaged for his many qualities In comparison with other humanists of his time such as Carlo Sigonio and Pier Vettori Robortello had a deeply philosophical vein one that made him unique not only to Italy but to Europe more generally Robortello s role in reforming the humanities makes him a constituent part of the long fifteenth century Robortello s thought however unlike that of other fifteenth century humanists sprung from and was thoroughly imbued with a systematic Aristotelian spirit without which his philosophy would never have emerged from the tumultuous years of the mid Cinquecento Francesco Robortello created a system for the humanities which was unique for his century a perfect union of humanism and philosophy This book represents the first fully fledged monograph on this adventurous intellectual life **Nicholas of Cusa and Times of Transition** , 2018-11-26 Nicholas of Cusa 1401 1464 was active during the Renaissance developing adventurous ideas even while serving as a churchman The religious issues with which he engaged spiritual apocalyptic and institutional were to play out in the Reformation These essays reflect the interests of Cusanus but also those of Gerald Christianson who has studied church history the Renaissance and the Reformation The book places Nicholas into his times but also looks at his later reception The first part addresses institutional issues including Schism conciliarism indulgences and the possibility of dialogue with Muslims The second treats theological and philosophical themes including nominalism

Struever, 2023-05-31 In the articles collected here Nancy Struever explores the basic assumption that rhetoric is not simply a bag of persuasive tricks but functions necessarily as a mode of inquiry investigating not simply the mechanics of production and reception of discourse but the psychological factors of reason and passion engaged by the assertion modification and contest of beliefs and dispositions of the civil communities The first section looks both at contemporary historians employing rhetorical constructs and tactics and at contemporary accounts of the employment of rhetorical pedagogical material and theoretical texts in medieval and Renaissance cultural practices The second set of articles considers change and continuity in the rhetorical exploitation s of genre forms in cultural programs focuses on the strong reorientation of Classical forms of moral inquiry on the ingenious use of the proverb of etymology of the exemplum as well as on the changes in strategies in the theater the novel and art criticism The final section deals with the strong historical interconnections of rhetoric with other disciplines the motives and investigative tactics of medicine and rhetoric in the Renaissance and Early Modernity and the shared interests and interwoven careers of rhetoric and law *Christianity, Latinity, and Culture* Salvatore I. Camporeale, 2013-10-10 The work of Lorenzo Valla 1406-57 has enjoyed renewed attention in recent years as have new critical editions of his texts One of the most interesting interpreters of Valla Salvatore I. Camporeale O P had a following among scholars who read Italian but very little of his work saw the light in English before his death in 2002 This book presents two of Camporeale s studies on Valla in English which examine in detail two of Valla s works his treatise on the Donation of Constantine undoubtedly the work for which Valla is best known and his Encomium of Saint Thomas Aquinas delivered publicly in the last year of Valla s life and in Camporeale s reading summing up Valla s multi faceted thought
