Sunday School Times ,1894 **Deputy of Love** Dr. Don N. Bacchus,2025-06-04 Love is the most powerful force in the Universe Let us learn to love ourselves and let us learn to love each other Life is difficult We are here on this earth to help each other Let us learn to live together in love and let us learn to live together in peace Love has been implanted in the psyche of every human by a loving God Let our love grow This book Deputy of Love was written with the sole purpose of encouraging everyone to love more and to help make our world a better place This book Deputy of Love encourages us to love our fellow men irrespective of our differences Love is the only force that will keep us from destroying ourselves You are the Deputy of Love *Love Unfolded* Abdur Rahim,2019-08-08 Where there is love there is life But what love is To understand love at the deepest level we need to know what love is and how it is explained This book attempts to share inspiring insights anecdotal experiences and perhaps incomplete yet valuable materials and viewpoints of general and notable people across the global cultures over time which is presented precisely easy to read and understand to the readers on the matter of love marriage and sexual behavior towards fulfilling the life s most intrinsic desire and happiness The book is for the general public of all sections of global society and culture The three key messages readers shall take away from this book They are a love is the essence b marriage is a bond and c sex is the ultimate supreme pleasure of life Explaining these themes attempts have been made to broadly discuss about the topics bringing together various ideas from diverse sources historical periods cultures and philosophical perspectives along with contemporary empirical work from psychology sociology anthropology and neuroscience The readers not only will enjoy the many flavors of the substance of the book but also get the facts and analysis of why we approach love marriage relationships and observed or unobserved differences between men and women and what social historical cultural political evolutionary or biological factors might influence them Nonetheless the substance of the book tells the inner most words of every men and women that are being preserved since their young age Finally the book will be of good values and understanding with readers own journey of love marriage and relationship These are the reasons why the readers will buy the book The main objective of the book is to let the readers rethink about the changing pattern of love and relationships over time Timeless Secrets of Health and Rejuvenation Andreas Moritz,2005-02 What actually causes disease The answer might be surprising In this new edition of his best selling book The Key to Health and Rejuvenation Andreas Moritz reveals the most common but rarely recognized reasons responsible for illness and aging and how to achieve continuous vibrant health Andreas puts the responsibility of basic health care back into the hands of the individual He states Healing occurs effortlessly and naturally once the conditions that are required for the

body to return to its most natural state balance and efficiency have been met The basic theme is the relative ease involved in creating good health While physicians attempt to combat or subdue illness they know very little about employing the mind and body to actually heal a person The book includes a complete self help program part of which is derived from the ancient medical system of Ayurveda In addition this book is packed with useful information on all major health issues and effective methods of cleansing the blood liver and gallbladder intestines kidneys blood vessels lymphatic system and body tissues The nearly 500 pages divided into 15 chapters explain everything about the mystery of mind and body the laws of health and illness the risk factors of common diseases the diagnostic parameters the most common causes of disease and how to remove them the basic misconceptions people and doctors have about health and wellness and the journey to lifelong health and spiritual happiness Neither conventional nor alternative forms of medicine provide the population with the basic practical steps to remove the root causes of illness and use practical measures of health promotion as a primary approach of treatment Timeless Secrets of Health and Rejuvenation fills this gap by showing you how to employ your body's own healing powers to bring balance and harmony into all aspects of your life Overall this book is the bible of good health happiness and rejuvenation for those who long for a balanced lifestyle *Perfect Me* Heather Widdows, 2020-02-25 How looking beautiful has become a moral imperative in today's world The demand to be beautiful is increasingly important in today's visual and virtual culture Rightly or wrongly being perfect has become an ethical ideal to live by and according to which we judge ourselves good or bad a success or a failure *Perfect Me* explores the changing nature of the beauty ideal showing how it is more dominant more demanding and more global than ever before Heather Widdows argues that our perception of the self is changing More and more we locate the self in the body not just our actual flawed bodies but our transforming and imagined ones As this happens we further embrace the beauty ideal Nobody is firm enough thin enough smooth enough or buff enough not without significant effort and cosmetic intervention And as more demanding practices become the norm more will be required of us and the beauty ideal will be harder and harder to resist If you have ever felt the urge to make the best of yourself or worried that you were letting yourself go this book explains why *Perfect Me* examines how the beauty ideal has come to define how we see ourselves and others and how we structure our daily practices and how it entralls us with promises of the good life that are dubious at best *Perfect Me* demonstrates that we must first recognize the ethical nature of the beauty ideal if we are ever to address its harms
