Sparrow Sparrow Mission:

Sparrow Richard B. Beal, 2002-05-08 This is a World War II story of three American OSS officers sent on a secret and sensitive mission behind German lines They parachute in the dead of night from a British bomber into an obscure corner of Hungary The are to find and convince certain key figures in the Hungarian government to sever their alliance with Germany and surrender unconditionally to the Allies Their mission is complicated by the bewildering deportment of the Hungarian villagers who find them first the duplicity of a Hungarian general the efficiency and cruelty of the Gestapo and the wiles and whims of some beautiful Hungarian women

Operatives, Spies, and Saboteurs Patrick K. O'Donnell, 2004-03-10 The first ever full story of American sabotage operations in World War II based on hundreds of revealing interviews The battles of World War II were won not only by the soldiers on the front lines and not only by the generals and admirals but also by the shadow warriors whose work is captured for the first time in Operatives Spies and Saboteurs Thanks to the interviews and narrative skills of Patrick O'Donnell and to recent declassifications an entire chapter of history can now be revealed A hidden war a war of espionage intrigue and sabotage played out across the occupied territories of Europe deep inside enemy lines Supply lines were disrupted crucial intelligence was obtained and relayed back to the Allies resistance movements were organized Sometimes impromptu combat erupted more often the killing was silent and targeted The full story of the Office of Strategic Services OSS precursor to the CIA is a dramatic final chapter on one of history's most important conflicts In a world made unrecognizable by the restrictions placed on the CIA today OSS played fast and loose Legendary chief Wild Bill Donovan created a formidable organization in short order recruiting not only the best and brightest but also the most fearless His agents both men and women relied on guile sex appeal brains and sheer guts to operate behind the lines often in disguise always in secret Patrick O'Donnell has made it his life's mission to capture untold stories of World War II before the last of its veterans passes away He has succeeded in extracting stories from the toughest of men the most elite of soldiers and now the most secretive of all the men and women of OSS From former CIA director William Colby who parachuted into Norway to sever rail lines to Virginia Hall who disguised herself as a milkmaid joined the French Resistance and became one of Germany's most wanted figures the stories of OSS are worthy of great fiction Yet the stories in this book are all true carefully verified by O'Donnell's painstaking research The agents of OSS did not earn public acclaim There were no highly publicized medal ceremonies But the full story of OSS reveals crucial work in espionage and sabotage work that paved the way for the Allied invasions and disrupted the Axis defenses Operatives Spies and Saboteurs proves that the hidden war was among the most dramatic and important elements of World War II

ISRAEL'S DIVINE MISSION AGAINST IRAN: How Meticulously Israel Plans To Break Iran's Ayatollah's Neck

Aaron Bernstein, Benjamin Netanyahu Israel's longest serving prime minister emerged from the ashes of the October 7 Hamas massacre with a singular unyielding vision to reshape the Middle East's geopolitical landscape by eradicating the

Iranian axis of terror and ensuring Israel's unchallenged security dominance The catastrophic intelligence and military failures of that day which saw over 1 200 Israelis slaughtered and hundreds taken hostage became a catalyst for Netanyahu to recalibrate his strategy pivoting from containment to annihilation of threats Central to his post October 7 doctrine is the belief that Israel cannot coexist with a nuclear capable Iran or its proxies Hezbollah Hamas and the Houthis and that the Jewish state must act unilaterally if necessary to dismantle Tehran's ring of fire Netanyahu's plan hinges on a three pronged approach decimating Hamas in Gaza to restore deterrence forging unprecedented regional alliances with Sunni Arab states under the banner of countering Iran and preparing for a potential preemptive strike against Iran's nuclear infrastructure His government has accelerated defense partnerships including integrating a U S led Middle East NATO style air defense network into Israel's defense structure and expanding covert operations targeting Iranian nuclear scientists missile engineers and Revolutionary Guard commanders Netanyahu's historical obsession with Iran from his 2012 UN speech brandishing a cartoon bomb to his vehement opposition to the 2015 JCPOA nuclear deal has crystallized into an existential imperative Post October 7 he frames Iran not merely as a sponsor of terrorism but as the architect of a genocidal coalition leveraging proxies to encircle Israel while advancing toward weapons grade uranium enrichment To fracture this axis Israel has intensified shadow war tactics cyberattacks crippling Iranian fuel stations and nuclear facilities drone strikes on IRGC convoys in Syria and assassinations like the 2023 takedown of Seyed Razi Mousavi a senior IRGC logistical intermediary in Damascus Netanyahu's ultimate objective however transcends tactical victories He seeks to realign the region by normalizing ties with Saudi Arabia a process frozen on October 7 but quietly revived through U S brokered talks conditioned on Riyadh joining an anti Iran coalition and accepting Israeli military supremacy Fordow's mountain shielded centrifuges and Natanz's fortified halls would require a complex aerial campaign likely involving hundreds of sorties mid air refueling and bunker buster bombs to penetrate granite and concrete Yet Netanyahu emboldened by Israel's growing self reliance in defense tech and Mossad's global reach appears undeterred His rhetoric echoes Menachem Begin's 1981 Osirak strike framing preemption as a moral duty Domestically he leverages the trauma of October 7 to silence opposition portraying critics as naive to Iran's apocalyptic ambitions Internationally he capitalizes on Arab states fatigue with Tehran's destabilization from Houthi Red Sea attacks to Iraqi militia rocket barrages to position Israel as the region's indispensable guardian Netanyahu's endgame is clear a Middle East where Iran's nuclear program lies in ruins its proxies disarmed and Sunni states integrated into an Israeli led security architecture But his legacy and Israel's survival hinge on eliminating the Iranian threat Until then he warns the October 7 horrors will repeat metastasizing into a nuclear nightmare Whether through diplomacy sabotage or war Netanyahu's unfinished revolution seeks to ensure that Iran's empire of terror never darkens the region again
