Shield of Sparrows Devney Perry, 2025-05-06 Discover the instant 1 New York Times bestseller Now in development as a feature film with Amazon MGM Studios with John Wick screenwriter Derek Kolstad attached to write the script Shield of Sparrows is a slow burn high stakes romantasy perfect for fans of Sarah J Maas and Rebecca Yarros where enemies become lovers monsters stalk a cursed realm and a forgotten princess finds the strength to tear off her crown and become the warrior she was never meant to be The gods sent monsters to the five kingdoms to remind mortals they must kneel I've spent my life kneeling to their will and to my father's As a princess my only duty is to wear the crown and obey the king I was never meant to rule Never meant to fight And I was never supposed to be the daughter who sealed an ancient treaty with her own blood But that changed the fateful day I stepped into my father's throne room The day a legendary monster hunter sailed to our shores The day a prince ruined my life Now I'm crossing treacherous lands beside a warrior who despises me as much as I despise him bound to a future I didn't choose and a husband I barely know Everyone wants me to be something I'm not a queen a spy a sacrifice But what if I refused the role chosen for me What if I made my own rules What if there's power in being underestimated And what if for the first time I reached for it
