Spartacus File The:

The Spartacus File Lawrence Watt-Evans, Carl Parlagreco, 2016-11-10 Philadelphia some time in the 21st century Casper Beech is a corporate drone a man beaten down by debt a wage slave to the Consortium that dominates the American economy One day his boss sends him in for neural imprinting to have new job skills implanted directly in his brain because it's faster and cheaper than training him by older methods But a computer glitch loads the wrong file and Casper is programmed with something that has nothing to do with his job Instead of learning a new software package he learns a new way of thinking a mindset designed by a secret government agency for use in enemy nations and never meant to be unleashed in the United States Lethal government agents seek to correct the error in a steadily escalating conflict while Casper struggles to survive to remain true to himself despite his new programming and to find out just what was in THE SPARTACUS FILE

The Spartacus War Barry Strauss, 2009-03-17 An authoritative account from an expert author The Spartacus War is the first popular history of the revolt in English The Spartacus War is the extraordinary story of the most famous slave rebellion in the ancient world the fascinating true story behind a legend that has been the inspiration for novelists filmmakers and revolutionaries for 2 000 years Starting with only seventy four men a gladiator named Spartacus incited a rebellion that threatened Rome itself With his fellow gladiators Spartacus built an army of 60 000 soldiers and controlled the southern Italian countryside A charismatic leader he used religion to win support An ex soldier in the Roman army Spartacus excelled in combat He defeated nine Roman armies and kept Rome at bay for two years before he was defeated After his final battle 6 000 of his followers were captured and crucified along Rome's main southern highway The Spartacus War is the dramatic and factual account of one of history's great rebellions Spartacus was beaten by a Roman general Crassus who had learned how to defeat an insurgency But the rebels were partly to blame for their failure Their army was large and often undisciplined the many ethnic groups within it frequently quarreled over leadership No single leader not even Spartacus could keep them all in line And when faced with a choice between escaping to freedom and looting the rebels chose wealth over liberty risking an eventual confrontation with Rome's most powerful forces The result of years of research The Spartacus War is based not only on written documents but also on archaeological evidence historical reconstruction and the author's extensive travels in the Italian countryside that Spartacus once conquered
