Small Family Business In Hong Kong:

Small Family Business in Hong Kong Catherine C. H. Chiu, 1998 This book examines the relationship between work and family in small family business in Hong Kong based on data obtained from in depth interviews on married couples running small retail shops It was found that despite the perceived advantage of flexibility running a small family business did not necessarily result in a working pattern compatible with family needs In studies on small family business the contribution by the wives was often overlooked This book pays special attention to the part played by women in the setting up and running of small family business This book will be a useful reference for people interested in qualitative sociology small business studies family studies and women s studies

The Successful Chinese Family Businesses Joey Kong Man Ng, 2022-10-03 Well being is a contemporary term used by people around the globe to address how comfortable their lives are The notion is considered significant to business management Nevertheless is well being significant to Chinese family business In response to this inquiry this book demystifies the notion from a critical lens It examines well being in a Chinese family business context of Hong Kong This book consists of an archaeological and anthropological examination The first part of the analysis draws from Foucault s 1979 Archaeology of Knowledge to examine the discursive transformation of well being The second part is an ethnography that focuses on a Chinese perspective regarding the everydayness of life In light of the recent social movements this book not only offers an insight into the core values of Hong Kongers but also dissects various layers of meaning in these values Hopefully this book can lift up the voices of Hong Kongers who was once marginalised in the discourse of well being

Tradition and Transformation in a Chinese Family Business Heung-Wah Wong, Karin Ling-fung Chau, 2019-12-05 Family businesses have been an important part of the economy in Hong Kong Taiwan Singapore and in the Chinese diaspora and since the reforms in mainland China itself Some people have argued that the success of Chinese family businesses occurs because of the special characteristics and approach of such businesses This book examines the nature of Chinese family business and the key issues involved by exploring in detail the case of a leading Hong Kong jewellery company which was established in the early 1960s and which has grown to become one of the biggest jewellery manufacturers exporters and retailers in post war Hong Kong The book considers the motivations of Chinese people to set up their own businesses outlining the strategies adopted including the strategies for raising capital and the qualities of successful Chinese entrepreneurs It discusses the management of the company including relations between family members profit sharing and succession planning and assesses how conflict and crises are coped with and overcome It charts the evolution of the company looking at how it has been transformed into a listed corporation The book concludes by arguing for the importance of studying Chinese family businesses culturally
