phenomenon and chronicles how this group much maligned and persecuted became a dominant cultural force in the world today Edmonds charts the evolution of the relationship between Rastafari and the wider Jamaican society from confrontation and repression to grudging tolerance and eventually to cultural integration Edmonds focuses in particular on the internal development of Rastafarianism as a social movement with its network of houses small informal groups that form around leading Rastas and mansions larger more communal associations to track the process of this strikingly successful integration He further demonstrates how Rastafarian artistic creativity especially in fashioning the music and message of reggae was a significant factor in the transition of Rastas from the status of outcasts to the position of cultural bearers **Sounds of the**
