Soviet Expansion In The Third World:

The Soviet Union, Eastern Europe and the Third World Roger E. Kanet, 1987 Soviet policy towards the countries of Asia Africa and Latin America underwent substantial expansion and change during the three decades since Khrushchev first initiated efforts to break out of the USSR's international isolation This 1988 volume examines various aspects of Soviet and East European policy towards the Third World

Disrupt and Deny Rory Cormac, 2018-05-09 British leaders use spies and Special Forces to interfere in the affairs of others discreetly and deniably Since 1945 MI6 has spread misinformation designed to divide and discredit targets from the Middle East to Eastern Europe and Northern Ireland It has instigated whispering campaigns and planted false evidence on officials working behind the Iron Curtain tried to foment revolution in Albania blown up ships to prevent the passage of refugees to Israel and secretly funnelled aid to insurgents in Afghanistan and dissidents in Poland MI6 has launched cultural and economic warfare against Iceland and Czechoslovakia It has tried to instigate coups in Congo Egypt Syria Saudi Arabia Iran and elsewhere Through bribery and blackmail Britain has rigged elections as colonies moved to independence Britain has fought secret wars in Yemen Indonesia and Oman and discreetly used Special Forces to eliminate enemies from colonial Malaya to Libya during the Arab Spring This is covert action a vital though controversial tool of statecraft and perhaps the most sensitive of all government activity If used wisely it can play an important role in pursuing national interests in a dangerous world If used poorly it can cause political scandal or worse In *Disrupt and Deny* Rory Cormac tells the remarkable true story of Britain's secret scheming against its enemies as well as its friends of intrigue and manoeuvring within the darkest corridors of Whitehall where officials fought to maintain control of this most sensitive and seductive work and above all of Britain's attempt to use smoke and mirrors to mask decline He reveals hitherto secret operations the slush funds that paid for them and the battles in Whitehall that shaped them

Disengagement from Southwest Africa Owen Kahn, 2020-02-13 Gorbachev's new thinking on superpower relations assumes that struggle between two opposing world systems no longer characterizes the present era This second volume in the East South Relations series explores the implications of Gorbachev's new thinking for regional conflicts Because these conflicts jeopardize tranquil relations between the United States and the Soviet Union they are perceived as contrary to the new spirit of global cooperation This volume suggests that the accords on Southwest Africa may illustrate how the superpowers will resolve conflict and shows how smaller powers may now have new roles cast for them by the superpowers In 1975 Soviet Cuban assistance to the Leninist oriented Movement for the Popular Liberation of Angola MPLA was the first extensive Soviet allied military intervention in the Third World While the Soviet backed Cubans propped up the MPLA the South Africans intervened on a smaller scale in support of the National Union for the Total Independence of Angola UNITA under Jonas Savimbi After 1985 UNITA began receiving United States support and a military stalemate ensued The contributors to this volume analyse how the Soviet Union and the United States used this stalemate to move the MPLA Cuba

and South Africa to settle not only their differences but also the vexing question of the Independence of Namibia Central issues explored are how and why South Africa and Cuba got into the Angolan arena why they stayed so long and why they saw fit to get out While the authors differ on the forces at work their debate is itself enlightening and offers valuable insights into the policy options of regional powers The contributors also review further steps beyond military disengagement needed to finally resolve the Angolan civil war and ensure regional stability They assess the potential for breakdown of the accords and the likely consequences should this occur Disengagement from Southwest Africa will interest policymakers and researchers concerned with developments in southern Africa and Cuba and with relations between the superpowers
