Spaceship Titanic:

Spaceship Titanic Richard Duprey, Brian O'Leary, 1983

Douglas Adams's Starship Titanic Terry Jones, 2007-12-18

In this thoroughly satisfying and completely disorienting novel based on a story line by Douglas Adams author of *The Hitchhiker's Guide to the Galaxy* Terry Jones recounts an unforgettable tale of intergalactic travel and mishap The saga of the ship that cannot possibly go wrong sparkles with wit danger and confusion that will keep readers guessing which reality they are in and how on earth to find their way out again At the center of the galaxy a vast unknown civilization is preparing for an event of epic proportions the launching of the greatest most gorgeous most technologically advanced Starship ever built the Starship Titanic An earthling would see it as a mixture of the Chrysler Building the tomb of Tutankhamen and Venice But less provincial onlookers would recognize it as the design of Leovinus the galaxy's most renowned architect He is an old man now and the creation of the Starship Titanic is the pinnacle achievement of his twenty year career The night before the launch Leovinus is prowling around the ship having a last little look With mounting alarm he begins to find things are not right unfinished workmanship cybersystems not working correctly robots colliding with doors How could this have happened And how could this have happened without his knowing Something somewhere is terribly wrong On the following day in an artificial event staged for the media the Starship Titanic will leave its construction dock under autopilot and a few days later make its way to the terminal to pick up passengers for its maiden voyage Although the ship will be deserted during its very first flight it is nevertheless a major event watched by all the galaxy's media Hugely magnificently the fabulous ship eases its way forward from the construction dock picks up speed sways a bit wobbles a bit veers wildly and just before it can do massive damage to everything around it appears to undergo SMEF Spontaneous Massive Existence Failure In just ten seconds the whole stupendous enterprise is over And our story has just begun Somehow three earthlings one Blerontin journalist a semideranged parrot and a shipful of disoriented robots must overcome their differences It's the only way to save the Starship Titanic The Ship That Cannot Possibly Go Wrong from certain destruction and rescue the economy of an entire planet not to mention to survive the latest threat an attack by a swarm of hostile shipbuilders Titanic Rupert Matthews, 2022-10-01 The sinking of the Titanic on its maiden voyage in 1912 is one of the most dramatic stories in maritime history The largest passenger steamship in the world fitted with more advanced safety features than any of her rivals she was proclaimed to be virtually unsinkable Just how and why the Titanic foundered on such a beautiful April evening is the subject of this fascinating book Author Rupert Matthews has written a highly readable account of the story of the Titanic from the building of the liner to the excitement surrounding her launch the slow unfolding of an unimaginable tragedy the investigations and finally the discovery of the wreck He also explores the evidence behind the stories of heroism and cowardice related by survivors and investigates the many theories surrounding the great ship's tragic loss Includes Photographs of the Titanic her crew and passengers Eye witness accounts Personal memories Douglas Adams's Starship

Titanic Terry Jones,1998 Seconds after its initial launch Starship Titanic undergoes SMEF Spontaneous Massive Existence Failure and vanishes only to mysteriously turn up at the home of Dan and Lucy Gibson residents of a remote little known planet called Earth Reprint Global Warming: The Answer Wilfred Candler,2007-11-02 Global Warming The Answer takes as given that global warming is man made and occurring with increasingly adverse effects After a brief review of the carbon cycle and how man is disturbing it the book argues that global warming is an economic problem Given the right prices technical solutions will follow After looking at the limited solutions for personal virtue in reducing pollution the book examines the chimera of a carbon neutral life style and necessity to achieve a fossil free economy Cap and Trade is shown to involve huge wealth transfers to established polluters and is thus rejected in favor of a revenue neutral carbon tax More specifically an initial carbon tax of 250 ton with the revenue returned the public through lowered payroll taxes in the U S or V A T or sales taxes elsewhere Existing and pending technologies that will take off once fossil fuels are taxed are reviewed as are ancillary policies in support of the carbon tax Some suggestions are offered for increasing international collaboration It is emphasized however that to date no significant action has been take to combat global warming Kyoto higher mileage requirements and An Inconvenient Truth notwithstanding Action is urgent But first the public have to understand the answer to global warming **Courageous Companions** Kimberly Yost,2024-01-24 By leveraging the intersection of popular culture leadership theory and followership theory Courageous Companions offers an accessible new perspective for those who desire to gain a greater understanding of leaders and followers to transform their relationships and organizations **The Rough Guide to The Hitchhiker's Guide to the Galaxy** Rough Guides,2009-10-01 Don t Panic The Rough Guide to The Hitchhiker s Guide to the Galaxy explores the ever expanding universe created by Douglas Adams the must have companion for both long term enthusiasts and those discovering the Hitchhiker s stories for the first time You ll find everything you need to know about the stories so far including the saga s numerous incarnations books TV show movie radio series and more The guide covers key Hitchhiker s concepts and plot devices from tea cricket and towels to small yellow fish and the stories behind all your favourite characters Ford Prefect Arthur Dent Zaphod Beeblebox Trisha McMillan and of course Marvin the paranoid Android The guide features useful background on the life and times of Douglas Adams unveiling his influences and passions and an overview of his other works Newcomers will find the guide packed with accessible information whilst committed fans will love the online resources section which includes the lowdown on the official fanclub ZZ9 Plural Z Alpha *Whisper Power* Myron C. Peterson,2011-02-24 After a girl receives several messages from a spaceship a poem rapidly flows from within her As she shares the words with a friend she feels drawn to help the message sender who seems overwhelmed with negative thoughts But the young girl is not the only one receiving pessimistic messages the sender is using the press as his instrument with the goal of destroying everyone In WHISPERPOWER Myron Peterson describes an eclectic group of characters as he traces an imaginary trail strewn with stories and poems that each carries an important message about

values happiness and the power of positive thinking As an alien force attempts to use telepathy to gain control the residents of the Garden of Eden suddenly realize what they have been searching for all along is right in front of them In another tale scientific researcher John Sperus lives a sensible dull existence where he attempts to constantly cover his inner struggles But after he meets a little girl with special powers everything changes WHISPERPOWER is a collection of stories and lyrical verse that will encourage you to think about how you view life the world around you and the future **Time,**
