He is wearing a dark, textured garment with a prominent white ruffled collar. The background is a soft, hazy landscape.

White,2016-10-03 This engaging and stimulating book argues that Shakespeare s plays significantly influenced movie genres in the twentieth century particularly in films concerning love in the classic Hollywood period Shakespeare s green world has a close functional equivalent in tinseltown and on the silver screen as well as in hybrid genres in Bollywood cinema Meanwhile Romeo and Juliet continues to be an enduring source for romantic tragedy on screen The nature of generic indebtedness has not gained recognition because it is elusive and not always easy to recognise The book traces generic links between Shakespeare s comedies of love and screen genres such as romantic comedy screwball comedy and musicals as well as clarifying the use of common conventions defining the genres such as mistaken identity errors disguise and shrew taming Speculative challenging and entertaining the book will appeal to those interested in Shakespeare movies and the representation of love in narratives
