Tested Faith The Power Of Mind Over Cancer:

Tested Faith Yvonne L. Williams, 2001-02-14 A unique true story of the author's physical and psychological struggles and ultimate victory over three different cancers Jet, 2001-10-01 The weekly source of African American political and entertainment news *Cancer from Both Sides Now ... a Journey of Faith* Marcia L. Kiser, 2014-09-04 This book is a spiritual and clinical guide from a faith perspective It is designed to encourage anyone enduring cancer treatments and its debilitating side effects or anyone with a terminal illness to always maintain their faith in God's healing powers and know that there is always faith hope and love if we simply are patient look upward and seek God's divine guidance Mrs Kiser describes her rollercoaster ride as she experiences her cancer and radiation therapy Although she has her world torn inside out and upside down by fear and doubt she witnesses the healing power and strength that comes from slowing down in life taking one day at a time and listening to God as He speaks to us in many different ways to help us cope with our illness and find a road to recovery through a journey of faith Mrs Kiser's background in psychology counseling and courses in death and dying can inspire anyone to face the stages of dying as a normal human process and still find courage and victory in living each day to the fullest Mrs Kiser is more than qualified to offer this guidance because she is not only an oncology nurse with many years of experience but she is also a cancer patient herself who shares her own life experiences in the hope of inspiring others to a better and fuller quality of life despite the odds Healing Beyond Cancer : A Daughter's Journey of Faith, Love, and Divine Transformation Dr. Saloni Chawla (PT), 2025-10-24 *Healing Beyond Cancer A Daughter's Journey of Faith Love and Divine Transformation* by Dr Saloni Chawla PT is an inspiring true story of a daughter's spiritual awakening through her mother's battle with stage four cancer Blending personal experience with reflections on faith mind power and emotional healing the book explores how inner strength gratitude and surrender can transform pain into peace and guide the soul toward complete recovery beyond medicine and fear Life and Poetic Emotions LadyBlue2000, 2011-07-28 I started writing many years ago At first it was just mental therapy for me My doctor very great psychologist told me that if I wrote my feelings down on paper that it would help me feel better and cope with what's bothering me in my head I suffered many horrors in my life and I needed a way cope and live a normal life Well my life isn't exactly normal as you will read And neither are some of my poems The question for me to ask is anyone's life really normal I wanted my life to be written so that the future generations of my family will know about me And will know of how I became the person that I ended up to be By accident I realized that I could write poems of many kinds A guarantee that you will laugh and sometimes cry and even learn from my poems Of how to love heal cope laugh cry live and get even through my poems Many of my friends online around the world give me subjects to write about To be their words for them to speak to others To help to Heal to dream reasons to live and reasons to want to pray And reasons to not want to die I thought to myself that if I'm going to be a writer that I don't want to let one subject to be untouched To speak out words that I feel need to be heard through my poems I want my book to be of help to others for

whatever needs they have And I pray with my whole heart that you get something good out of what you are about to read And whether you believe it or not you will find in my book of something that you might need written in one or more of my poems And the life story is to help you know that your life is better than you may have thought In my poems there is something for everyone And that means you My e mail is written in my book if you would like to write me or even comment on my book Weather good or bad happy or sad I would like to know of how you feel *Jet*,2001 *Touched by Cancer...
