## **Text And Reality Aspects Of Reference In Biblical Texts:**

**Text and Reality** Bernard C. Lategan, W. S. Vorster, 1985      **The Clarity of Scripture** James Callahan, 2020-08-31 IS SCRIPTURE CLEAR IF IT IS WHY DO PORTIONS OF IT SEEM SO OBSCURE IF IT ISN'T WHY HAVE THEOLOGICIANS SPENT SO MUCH TIME DEFENDING THE NOTION OF ITS CLARITY AND MORE IMPORTANT ARE CHRISTIANS ENGAGED IN A FUTILE EFFORT IN TRYING TO READ AND UNDERSTAND IT JAMES CALLAHAN OFFERS VALUABLE INSIGHT INTO THE COMPLEX NOTION of biblical perspicuity He sets the issues within the history of the church and traces how the Bible's clarity has been understood practically and theologically over time With precision and care he clarifies the role of historical context authorial intent and reader response in a constructive articulation of how we come to understand Scripture's meaning Contemporary literary studies inform his discussion and suggest the importance of intertextuality and intratextuality in the reading of Scripture Ultimately Callahan argues Scripture must be viewed as a privileged text within a privileged community Nevertheless it must be read not arrogantly but with humility under the searching glance of the God who caused it to be written      **Essays in Postfoundationalist Theology** Jacobus Wentzel Van Huyssteen, Wentzel Van Huyssteen, 1997 This collection of essays boldly addresses many of the challenges faced by Christian theology in the context of contemporary postmodern thought Handling abstract topics in a remarkably clear and concise way J Wentzel van Huyssteen presses the case for a postfoundationalist theology as a viable third option beyond the extremes of foundationalism and nonfoundationalism Van Huyssteen discusses themes related to rationality epistemology and philosophy of science In the process he critically engages the work of such thinkers as Wolfhart Pannenberg Nancey Murphy Jerome Stone and Gerd Theissen The result is a convincing argument that only a truly accessible and philosophically credible notion of interdisciplinarity will be able to pave the way for a plausible public theology that can play an important intellectual role in our fragmented culture today      *Reconceiving Texts as Speech Acts* Dietmar Neufeld, 2021-08-30 *Reconceiving Texts as Speech Acts* attempts a reading of the Christological confessions and ethical exhortations in I John from the perspective of speech act theory Speech act theory is explored with particular reference to J L Austin Donald Evans and J Derrida At the heart of the approach is the insight of the rhetorical character of historiography and the view that language in written discourse is a form of action and power Discourse in I John becomes responsible for creating reality and not merely reflecting it In effect the Christological and ethical texts are effective acts which change situations in the public domain in terms of confession and conduct A tentative methodological proposal is developed and then in succeeding chapters applied to a series of key passages in I John      *Vain Rhetoric* Gary D. Salyer, 2001-06-01 The Book of Ecclesiastes like many ancient and modern first person discourses generates ambivalent responses in its readers The book's rhetorical strategy produces both acceptance of and suspicion towards the major positions argued by the author *Vain rhetoric* aptly describes the persuasive and dissuasive properties of the narrator's peculiar characterization It also describes how the Book of Ecclesiastes with its

abundant use of rhetorical questions constant gapping techniques and other strategies from the arsenal of ambiguity is a stunning testimony to the power of the various strategies of indirection to communicate to the reader something of his or her own rhetorical liabilities and limitations as well as those of the religious community in general

**Cornelius Van Til's Doctrine of God and Its Relevance for Contemporary Hermeneutics** Jason B. Hunt, 2019-09-27 Cornelius Van Til's *Doctrine of God and Its Relevance for Contemporary Hermeneutics* seeks to answer the question What does Van Til have to do with hermeneutics It is argued that some of the most relevant concerns in the field of contemporary hermeneutics are similar to those addressed by Van Til in the area of apologetics Van Til's approach involved a self-conscious consistency between method and theology proper in order to reason according to the Christian worldview found in Scripture Just as one's apologetic method should be consistent with the theology revealed in the Bible so also should one's hermeneutic This work not only argues that Van Til has an important place in the hermeneutical discussion but also demonstrates his place in terms of the main contours in his doctrine of God In doing so certain influences on evangelical hermeneutics are considered according to consistency with theology proper Lastly a Van Tillian hermeneutic is applied to the often debated issue concerning the New Testament use of the Old Testament

*Rhetoric, Scripture and Theology* Stanley E. Porter, Thomas H. Olbricht, 1996-09-01 *Rhetoric Scripture and Theology* aptly describe the contents of this collection of essays from the 1994 Pretoria Rhetoric Conference The conference marked a significant dialogue among scholars gathered from many nations to consider how rhetoric engages with the study of scripture and theology South Africa provided a suitable context for such discussion Although the contributors are not only from South Africa the addressing of issues pertinent to a South African context shows through in many of the essays Those that do not address particularly South African issues raise equally important issues regarding the topic of rhetoric and its relation to contemporary theological discourse

**Feminist Companion to Paul** Amy-Jill Levine, Marianne Blickenstaff, 2003-01-01 The seventh volume of this Companion series is devoted to the writings ascribed to Paul but widely thought not to be genuinely from the Apostle These are of particular importance in showing how Paul's authority was exploited in the Early Church and the topics addressed often deal with Christian discipline and hierarchy Hence there is a particularly strong feminist agenda to be explored here The Pastoral Epistles Ephesians and Colossians are prominent among the writings addressed in this sparkling collection and the authors include David Scholer Luise Schottroff Bonnie Thurston Lilian Portefaix Sara Winter and Ingrid Rosa Kitzberger

*Biblica: Vol:71* , **Reformed Theology** Wallace M. Alston, Michael Welker, 2007 A dynamic array of scholars here inspects the role of the Reformed confessional tradition in the reading and interpretation of Scripture Written by contributors not only from the West but also from Hungary Romania India South Africa and China these essays recognize the influence of one's context in doing exegetical work Wide ranging and lucid *Reformed Theology Identity and Ecumenicity II* is an excellent resource for readers looking to examine current biblical and theological trends in Reformed thought Contributors Denise M Ackermann
