The Conversation Matters Why United Methodist Should Talk With One Another:

Practicing Discipleship Nicole L. Johnson, 2009-06-01 Despite a plurality of doctrinal statements on war peace and nonviolence some United Methodists sustain a commitment to nonviolence Through qualitative research Practicing Discipleship draws out lived theologies of nonviolence in order to understand how nonviolent United Methodists define ground and practice nonviolence and to give that voice opportunity to challenge church doctrine and thereby the wider church An analysis of statements from the Book of Disciplines and the Book of Resolutions reveals the plurality of Methodist teachings on moral issues related to war and peace While such plurality is indicative of the inclusive tradition of United Methodism Johnson shows that it also causes confusion thus hindering the vitality and authority of the church's witness This study's qualitative analysis of in depth interviews with twelve nonviolent United Methodists reveals a lived theology rooted in Scripture and theological reflection it points particularly to a christocentrism that posits nonviolence as central to Christ's teachings and example While study participants affirm the tradition of openness in the United Methodist Church they also call for more tangible and extensive support for and education about nonviolence as a faithful option for Christians Through amicable and constructive practical theological dialogue doctrinal plurality and ecclesial openness are affirmed as appropriate and possible only within the context of the church's profound commitment to serious discipleship which includes transformation toward nonviolence Implications of this interaction include developing and adopting a more truthful conception of a nonviolent ethics moving toward broadly conceived Christian formation in nonviolence and fostering ongoing ecclesial dialogue about difficult moral issues of war peace and nonviolence [United Methodist Doctrine](#) Bishop Scott J. Jones, 2010-09-01 Throughout this ebook Scott J Jones insists that for United Methodists the ultimate goal of doctrine is holiness Importantly he clarifies the nature and the specific claims of official United Methodist doctrine in a way that moves beyond the current tendency to assume the only alternatives are a rigid dogmatism or an unfettered theological pluralism In classic Wesleyan form Jones driving concern is with recovering the vital role of forming believers in the mind of Christ so that they might live more faithfully in their many settings in our world *Methodist Morals* Darryl W. Stephens, 2024-01-12 *Methodist Morals* offers keen insight into the public church interpreting the United Methodist Social Principles as a dynamic discourse about morality and human rights in light of faith Revised every four years by the General Conference of the United Methodist Church the Social Principles exposes the moral deliberations of this distinctly American and increasingly worldwide church as it struggles to achieve community across multiple languages and cultures Perhaps no other document provides as rich a depiction of Protestants participating in the moral argument of public life This is the first full length study of Methodist social teachings in over fifty years Examining official Methodist teachings from institutional historical and cross cultural perspectives Darryl Stephens provides a rich analysis of this case study of Protestant social witness drawing on his expertise in church polity Methodist history and Christian social ethics A wide range of comparisons with documents of the

United Nations with moral debate in Germany and Zimbabwe and with historical Methodist statements of social witness shows the Social Principles to be a unique form of social witness The issues of war abortion human sexuality and marriage illustrate the messiness of democratic deliberation in an ecclesial context and the evolution of a people ever concerned with the sin of worldliness even as they become more attuned to transforming social structures Stephens also contrasts this conception of the public church with the ecclesiologies of prominent Methodist ethicists Stanley Hauerwas and Paul Ramsey Intended for students of Methodism ecumenical church leaders and scholars of Christian social ethics and contemporary US mainline religion this work reveals the challenges to and possibilities for achieving moral community in an increasingly global and diverse world DARRYL W STEPHENS director of United Methodist studies at Lancaster Theological Seminary is former assistant general secretary for advocacy and sexual ethics in the UMC s General Commission on the Status and Role of Women He is the coeditor of Professional Sexual Ethics A Holistic Ministry Approach

Oden, 2014-02-04 Timeless Teachings of John Wesley for the Modern Day Christian John Wesley's Teachings is the first systematic exposition of John Wesley's theology that encompasses all of his writings Wesley was a prolific writer and commentator on Scripture his collected works fill twenty four volumes and yet it is commonly held that he was not systematic or consistent in his theology and teachings On the contrary Thomas C Oden demonstrates that Wesley displayed a remarkable degree of internal consistency over sixty years of preaching and ministry This series of four volumes is a text by text guide to John Wesley's teaching It introduces Wesley's thought on the basic tenets of Christian teaching God and providence volume 1 Christ and salvation volume 2 the practice of pastoral care volume 3 and issues of ethics and society volume 4 In everyday modern English Oden clarifies Wesley's explicit intent and communicates his meaning clearly to a contemporary audience Both lay and professional readers will find this series useful for devotional reading moral reflection sermon preparation and for referencing Wesley's opinions on ecological recovery moral relativism enthusiasm catholicity experience paradise final justification providence and countless others *The Conversation Matters* Henry H. Knight, Don E. Saliers, 1999 The authors argue for the recovery of the lost Wesleyan art of Christian conference a way of carrying on theological debate that is true to principles believed to be of crucial importance and open to the possibility of changing one's mind The Evangelical Moment Kenneth J. Collins, 2005 Offers a new interpretation of the evangelical story and articulates an ecumenical vision for evangelism The Social Gospel Today Christopher Hodge Evans, 2001-01-01 The contributors explore how the theological tradition of the Social Gospel born within the social and cultural dislocations of late 19th century America relates to the dislocations of the current American scene The contributors argue that America's only indigenous theological tradition remains powerfully relevant to mainline churches and to the scholars who work out of these institutions The Church and Work Joshua Sweeden, 2014-01-31 Work is one of the most dominant and unavoidable realities of life Though experiences of work vary tremendously many Christians share a common struggle of having to live in seemingly bifurcated spheres of work and faith Beginning with the conviction that Christian faith permeates all aspects of life Joshua Sweeden explores Christian understandings of good work in relationship to ethics community practice and ecclesial witness In *The Church and Work* Sweeden provides a substantial contribution to the theological conversation about work by proposing an ecclesiological grounding for good work He argues that many of the prominent theological proposals for good work are too abstract from context and demonstrates how the church can be understood as generative for both the theology and practice of good work This needed ecclesiological development takes seriously the role of context in the ongoing discernment of good work and specifically explores how ecclesial life and practice shape and inform good work Christian understandings of good work are inconceivable without the church Accordingly the church is not simply the recipient and a

dispenser of a theology of work but the locus of its development *The Recovery of Doctrine in the Contemporary Church* Richard Heyduck, 2002 Heyduck examines the false options on doctrine that modernity has offered the church especially his own tradition United Methodism and suggests ways to get beyond this impasse **Evangelical versus Liturgical?** Melanie Ross, 2014-07-02 Why is there such a deep divide between evangelical and liturgical churches especially when it comes to worship How did this unfortunate evangelical liturgical dichotomy develop and what can be done about it In this book Melanie Ross draws on historical analysis systematic theology and the worship life of two vibrant congregations to argue that the common ground shared by evangelical and liturgical churches is much more important than the differences that divide them As a longtime evangelical church member who is at the same time a teacher of liturgical studies Ross is well qualified to address this subject and she does so with passion and intelligence *Evangelical versus Liturgical* is an important addition to the scant literature explaining nondenominational worship practices to those from more historically established liturgical traditions **AAR/SBL Annual Meeting Program** American Academy of Religion. Allen, John S. McClure, O. Wesley Allen Jr., 2013-11-06 Two trends in the early twenty first century intersect to give this volume immediate relevance 1 The emerging postmodern ethos in North America is calling into question many things we have taken for granted including the purposes of the church and 2 our time is increasingly fractious as groups with distinct worldviews become polarized and often antagonistic Eleven noted contributors join a growing current that sees conversation as an image to refresh our thinking about the nature and purpose of the church and as a process in which individuals and communities with different perspectives come together for real understanding Under the Oak Tree employs the image of Sarah and Abraham greeting three visitors under the Oaks of Mamre as an image for the church as a community of conversation a community that opens itself to the otherness of the Bible voices in history and tradition others in the contemporary social and ecological worlds Furthermore the book shows how conversation can lead the church to action The book takes a practical approach by exploring how conversation can shape key parts of the church's life Topics include preaching worship formation evangelism pastoral care mission and ecumenism social
