Saints Most of these movements have counterintuitive features that have led Western scholars making Enlightenment assumptions to dismiss them as irrational and or inconsequential However this book reveals that these movements have responded to modernity in ways that are creative and practical resulting in a wide range of social educational and cultural initiatives Building on research surrounding the ways in which spiritual movements engage in cultural productions this book takes the international research in a new direction by exploring the utopian intentionality such cultural productions reveal

Roma Felix - Formation and Reflections of Medieval Rome Éamonn Ó Carragáin, Carol Neuman de Vegvar, 2016-12-05 After the Roman empire fell medieval Europe continued to be fascinated by Rome itself the chief of cities Once the hub of empire in the early medieval period Rome became an important centre for western Christianity first of all as the place where Peter Paul and many other important early Christian saints were martyred their deaths for the Christian faith gave the city the appellation Roma Felix Happy Rome But in Rome the history of the faith embodied in the shrines of the martyrs coexisted with the living centre of the western Latin church Because Peter had been recognised by Christ as chief among the apostles and was understood to have been the first bishop of Rome his successors were acknowledged as patriarchs of the West and Rome became the focal point around which the western Latin church came to be organised This book explores ways in which Rome itself was preserved envisioned and transformed by its residents and also by the many pilgrims who flocked to the shrines of the martyrs It considers how northern European cultures in particular the Irish and English imagined and imitated the city as they understood it The fourteen articles presented here range from the fourth to the twelfth century and span the fields of history art history urban topography liturgical studies and numismatics They provide an introduction to current thinking about the ways in which medieval people responded to the material remains of Rome s classical and early Christian past and to the associations of centrality spirituality and authority which the city of Rome embodied for the earlier Middle Ages Acknowledgements for grants in aid of publication are due to the Publication Fund of the College of Arts Humanities Celtic Studies and Social Sciences at University College Cork to the Publication Fund of the National University of Ireland Dublin and to the Office of the Provost Ohio Wesleyan University Mary, Bearer of Life Christopher

Cocksworth, 2023-05-31 Whether through suspicion or ignorance serious consideration of what Mary can teach us has been lacking in large swathes of the church for some time Drawing on careful biblical exegesis church history and ecumenical thinking this book suggests how a serious understanding of Mary might influence our ethical thought and considers some of the key theological tensions at the heart of the church s engagement with Mary **The Wormwood Prophecy** Thomas Horn, 2019 Is the star from Revelation 8 already headed toward Earth What s more do government officials already know the answer to that question Traditional scholarly interpretation claims that the Wormwood star will be an asteroid Others postulate that it will poison one third of all of Earth s waters and we may not even notice it Others believe the star could hit without returning like an angel of God appearing in the sky with fire and light bringing judgement in an instant Do

prophecies from ancient cultures and religions across the globe point to this catastrophe Have scientists and politicians taken extreme measures to keep this under the public radar Is this why President Donald Trump sanctioned a colossal increase to planetary defense Follow Thomas Horn as he blazes through these questions and many others posing answers that few in the church today are willing to provide Back cover **Cosmic Code of Life** C.A. Ninan,2015-02-12 This book relates DNA and the genetic code to consciousness as the universal principle of life This is done through perception of seven pattern germs from DNA which are girdled into an archetypal model called the tree of life The symbols of the tree model are logically related to the self spirit soul psyche and body How this new approach helps to understand the phenomenon of life in its integrated wholeness and cosmic totality is explained in this book It heralds the dawn of a new science of life which translates the innate mysticism of religions into the language of science It provides novel keys to consciousness and creativity in relation to the transcendental horizon of the human being and the spiritual growth of humanity at large *She Who Prays* Patricia Harris-Watkins, Jane Richardson Jensen, 2005-01-01 A Prayer book designed to be used by individual women as well as by those who are leading group prayer services For nearly two millennia Christian women have learned to pray in the language of other people's souls From worshiping God as father to envisioning a holy life as a military campaign they've been taught to approach the Divine with the hearts and minds of men *She Who Prays* A Woman's Interfaith Prayer Book offers women a new way to pray It draws on feminine images of God as well as the language and experience of women to help women tap into their own rich and unique spirituality With material from new translations of ancient Christian hymns and prayers as well as original prayers in the Christian and other faith traditions *She Who Prays* will help women speak to God in their own voices Arranged in roughly the same format as the Book of Common Prayer *She Who Prays* contains a seven day cycle of daily prayer services prayers for special occasions and a woman oriented liturgical calendar that honors the lives of women of all faiths The book also contains four rituals marking such themes as healing reconciliation and new beginnings and a prayer to be used while walking a labyrinth An appendix provides information on world religions and instructions for group services *The Actual Jesus* Tina Pippin, 2025-07-29 This book moves away from the traditional historical and theological studies of Jesus to incorporate a variety of theoretical and material approaches across centuries and diverse global cultures Through fiction and film the connections are made with contemporary issues such as borders asylum seekers farmworker activism colonialism violence misogyny civil war and nuclear proliferation with a focus on the appearances of the actual Jesus in these worlds The Jesus in this study is explored in particular connections with the stories of baptism wilderness experience ascension and apocalypse What is found is often confusing challenging surprising and disturbing like the Jesus of the gospels **Confessions, Revised and Updated** Matthew Fox, 2015-11-10 Matthew Fox's stirring autobiography *Confessions* reveals his personal intellectual and spiritual journey from altar boy to Dominican priest to his eventual break with the Vatican Five new chapters in this revised and updated edition bring added perspective in light of the

author's continued journey and his reflections on the current changes taking place in the Catholic church. Instead of living out his vows as a Dominican brother, Matthew Fox was expelled from the Order after 34 years by Cardinal Ratzinger, who later became Pope Benedict XVI. Fox took this as a warning from the Church that henceforth thinkers should not think but get in line. It is from this anti-intellectual inquisition style mentality that the cover up of priestly pedophilia also grew, as the Vatican appointed several generations of bishops and cardinals whose only criterion for selection was that they be uncritical yes men. *Confessions* tells the inside story of what it was like standing in front of the train when the Vatican was on the attack. It also reflects on the meaning of the encouragingly healthy papacy of Pope Francis but holds little hope for the institutional church. Rather, this book points to the main interest and accomplishments of the author's work to bring spirituality and prophetic warriorhood alive again in society and religion. Fox draws inspiration from great mystics of the past such as Hildegard of Bingen, a champion of the Divine Feminine, and Meister Eckhart, a profoundly mystical and ecumenical champion of those without a voice, and the return of the archetype of the Cosmic Christ alongside the teachings of the historical Jesus and the bringing forth of the wisdom traditions from all the world's spiritual traditions to stand up for eco justice, gender justice, economic justice, and social justice.
