Beam Piper,2017-05-02 Conn Maxwell told them There are incredible things still undiscovered most of the important installations were built in duplicate as a precaution against space attack I know where all of them are But I could find nothing not one single word about any giant strategic planning computer called Merlin Nevertheless the leading men of the planet didn't believe him They couldn't for the search for Merlin had become their abiding obsession Merlin meant everything to them power pleasures and profits unlimited Conn had known they'd never believe him and so he had a trick or two up his space trained sleeve that might outwit even their fabled Cosmic Computer if they dared accept his challenge

Beam Piper,2012-06 The Cosmic Computer by H Beam Piper The Original Classic Edition Finally available a high quality book of the original classic edition This is a new and freshly published edition of this culturally important work which is now at last again available to you Enjoy this classic work today These selected paragraphs distill the contents and give you a quick look inside Well contribute the information you brought back from Terra and well get the rest of this gang to put all the money we can twist out of them into it so well be sure they wont say Aw Niffenheim with it Now that he thought of it they hadnt been when he had gone away six years ago but he could remember riding up and down on them as a small child For a while he imagined himself thirteen years old and knowing everything he knew now and he began mapping a campaign to establish himself as Litchfields Juvenile Delinquent Number

One to the end that Kurt Fawzi and Dolf Kellton and the rest of them would never dream of sending him to school on Terra to find out where Merlin was It had seemed so easy when he and his father had been talking on the Mall just get a ship built and get out to Koshchei and open some of the shipyards and engine works there and build a hypership You were looking for something that doesnt exist just like all these old cranks that sit around drinking brandy and mooning about what Merlins going to do for them and never doing anything for themselves     **The Cosmic Computer** Beam Piper Henry Beam

Piper,2007-07     **The Cosmic Computer (illustrated)** H. Beam H. Beam Piper,2017-09-10 Thirty minutes to Litchfield Conn Maxwell at the armor glass front of the observation deck watched the landscape rush out of the horizon and vanish beneath the ship ten thousand feet down He thought he knew how an hourglass must feel with the sand slowly draining out It had been six months to Litchfield when the Mizar lifted out of La Plata Spaceport and he watched Terra dwindle away It had been two months to Litchfield when he boarded the City of Asgard at the port of the same name on Odin It had been two hours to Litchfield when the Countess Dorothy rose from the airship dock at Storisende He had had all that time and now it was gone and he was still unprepared for what he must face at home Thirty minutes to Litchfield The words echoed in his mind as though he had spoken them aloud and then realizing that he never addressed himself as sir he turned It was the first mate He had a clipboard in his hand and he was wearing a Terran Federation Space Navy uniform of forty years or about a dozen regulation changes ago Once Conn had taken that sort of thing for granted Now it was obtruding upon him everywhere

*Victims of the Vortex and the Cosmic Computer* Rog Phillips,H. Beam Piper,2015-05-01 Armchair Fiction presents extra large editions of classic science fiction double novels The first novel is a minor masterpiece of science fiction and one of the better works by Rog Phillips titled Victims of the Vortex After a hard week of work Craig Terry was really looking forward to getting back to Earth and taking his girl to the big dance in Mongolia Unfortunately his pal Jack Spence had other plans One little alteration to the ship s controls made Terry bypass Earth and flung him into deep space It took moments for Terry to realize he wasn t going to make that dance and only half as long to figure out who betrayed him While he drifted through the vastness of space he encountered a life form in the shape of a lovely woman to him a goddess She had become trapped in his space time field but they were only parallel for they could never touch He had accepted his own fate of tumbling endlessly through space but if something wasn t done soon she too would become trapped forever both of them victims of the vortex The second novel is Cosmic Computer by H Beam Piper Everybody on the war torn planet of Poictesme believed it existed And they all believed that when this super gigantic computer was located amid mountains and mountains of surplus equipment which was the planet s sole source of revenue it would mean the ultimate in Utopia for everyone But Conn Maxwell knew different He had studied the records on Earth and he thought he knew the true facts about this cosmic computer But to reveal these facts to the public would cause panic all over Poictesme so instead he methodically set about a new search in his own way a search that led to startling results H Beam Piper author of Space Viking produced an original

and unusual novel of a fantastic future with his wonderful tale The Cosmic Computer      **Cosmic Computer** Henry Beam Piper,2015      **The Cosmic Computer** Henry Beam Piper,2020-07-27 Conn Maxwell returns from Terra to his poverty stricken home planet of Poictesme The Junkyard Planet with news of the possible location of Merlin a military super computer rumored to have been abandoned there after the last war The inhabitants hope to find Merlin which they think will be their ticket to wealth and prosperity But is Merlin real or just an old rumor And if they find it will it save them or tear them apart We are happy to announce this classic book Many of the books in our collection have not been published for decades and are therefore not broadly available to the readers Our goal is to access the very large literary repository of general public books The main contents of our entire classical books are the original works To ensure high quality products all the titles are chosen carefully by our staff We hope you enjoy this classic
