Stephens,2020-07-24 Theological education has historically placed a strong emphasis on Scripture as the source of principle and practice for ministry However when it comes to the arena of counseling this has largely not been the case Focusing on the significant influence of Wayne Edward Oates 1917 1999 the author seeks to explore how and why the American Protestant church arrived at the place where psychological counseling has become the norm and biblical counseling is treated as novel A detailed study of Oates anthropology which served as the heart of his counseling theory and practice demonstrates that it was shaped and informed by secular concepts values and principles instead of what God has to say about who we are as people what plagues our souls and where we find our true hope and healing This subtle shift from the theological to the therapeutic has contributed to a much broader view from many in the church that counseling is more of a clinical and professional service rather than a personal or pastoral ministry of the Scriptures Through these unsettling warnings and implications the author hopes that the church will see the importance of once again engaging with the God glorifying Christ honoring and Spirit empowering ministry of counseling The Shepherd's Rod Ted Bradshaw,2022-09-27

The information about the book is not available as of this time **A Shepherd's View** Rufus Turner,2007-07 Leaders are often pressured to lead in the way others would have them lead Although advice and opinions will be numerous they must learn to hear only from the Chief Shepherd and lead the way He would have them lead The bible has provided perfect examples of leadership Moses in the Old Testament and Jesus Christ in the New Testament Moses shepherded people for over forty years in the wilderness only to miss out on the Promised Land in the end In attempting to shepherd God's people today this can too easily be the predicament of our current day leaders Sheep have a view it is just different than that of the Shepherd Sheep the congregation will never be able to see what the Shepherd sees It is the responsibility of the Shepherd to lead care for protect and feed the flock The caveat is that the shepherd is not leading caring for protecting and feeding his own flock but he is shepherding the flock that belongs to God Therefore a shepherd can't operate on his own preference but must be careful to always follow the prompting of the Holy Spirit A Shepherd's View is full of encouragement for today's shepherds There are biblical principles application worksheets and humorous and painful life experiences The goal of this book is to help leaders shepherd after the pattern that God has designed It is crucial that the leader cares properly for the people of God so they won't miss out on the Promised Land Heaven ABOUT THE AUTHOR _____ Rufus K Turner is
