Kuan, 1993-01-01 **God is God Only: Not more, Not less** Vijay Venkateswar, This book presents a picture of the Ultimate Reality which is timeless and universal in appeal and which encompasses all beliefs It dispels popular misconceptions regarding God and presents an unbiased balanced view of the Supreme Truth The book respects all faiths It does not seek to guide or advise anyone on spiritual matters It merely presents the quintessence of the Highest Truth It gives complete freedom to everyone to do whatever he or she feels is best **Platonist Philosophy 80 BC to AD 250** George Boys-Stones, 2017-12-21 Middle Platonism has some claim to be

the single most influential philosophical movement of the last two thousand years as the common background to Neoplatonism and the early development of Christian theology This book breaks with the tradition of considering it primarily in terms of its sources instead putting its contemporary philosophical engagements front and centre to reconstruct its philosophical motivations and activity across the full range of its interests The volume explores the ideas at the heart of Platonist philosophy in this period and includes a comprehensive selection of primary sources a significant number of which appear in English translation for the first time along with dedicated guides to the questions that have been and might be asked about the movement The result is a tool intended to help bring the study of Middle Platonism into mainstream discussions of ancient philosophy The Blackwell Companion to the Theologians, 2 Volume Set Ian S.
